society are being gambled Higher education is increasingly unaffordable its historic institutions are becoming untenable and their purpose is resolutely instrumental What and who have led us to this crisis What are the alternatives To whom do we look for leadership in revealing those alternatives This book critically analyses intellectual leadership in the university exploring ongoing efforts from around the world to create alternative models for organizing higher education and the production of knowledge Its authors offer their experience and views from inside and beyond the structures of mainstream higher education in order to reflect on efforts to create alternatives In the process the volume asks is it possible to reimagine the university democratically and cooperatively If so what are the implications for leadership not just within the university but also in terms of higher education s relationship to society The authors argue that mass higher education is at the point where it no longer reflects the needs capacities and longterm interests of global society An alternative role and purpose is required based upon mass intellectuality or the real possibility of democracy in learning and the production of knowledge

The European Union After the Crisis Hugo Radice, 2017-10-02 The global financial and economic crisis struck the European Union and its member states with particular force from 2009 onwards The immediate problem was the knock on effects of the crisis on each country s public finances Bank bail outs imposed a massive increase in sovereign debt on member states while the economic recession unavoidably led to ballooning budget deficits via the usual mechanisms of reduced taxes and increased welfare spending Subsequently the Eurozone sovereign debt crisis exposed the hidden weaknesses in the monetary and financial arrangements that had accompanied the launch of the Euro the severe economic imbalance between member states rooted in longer term structural divergences and the inadequate institutional mechanisms for resolving these difficulties This book originated from an EU funded international research network on Systemic Risks Financial Crises and Credit the Roots Dynamics and Consequences of the Sub Prime Crisis Contributions explore and evaluate some of the ways in which the institutions and policies of the European Union and its member states have changed in response to the problems brought about by the crisis This book was originally published as a special issue of the Journal of Contemporary European Studies

Ethical Human Rights ANTHONY RAVLICH, 2017-01-03 This book provides a new plan for the world an ethical approach to human rights development and globalization which is firmly based on the Universal Declaration of Human Rights and unlike the prevailing ideologies has no human rights omissions In author s view so the considerable majority of State leaderships can avoid accountability many human rights are omitted from international law But the author considers the UN and States cannot claim the Universal Declaration as its authority when it leaves out so many human rights which he describes as a UN hidden collectivist agenda On 10 December 2008 at the UN and hidden behind a global iron curtain neoliberal absolutism was created to replace neoliberalism Both ideologies are found to stem from the UN hidden collectivist agenda and result in the gross neglect of many In the author s view neoliberal absolutism resulted in a major rebalance of ideological and economic power from the West to the Rest In addition exploitation was

permitted by omission under international law resulting in the global financial crisis in 2008 In the author s view the UN s hidden collectivist agenda constitutes a global crime against humanity and the West should and would be justified in boycotting the UN until it is removed Business Studies Model Paper Chapter wise Question Answer With Marking Scheme Class XII SBPD Editorial Board,2020-11-02 1 100% Based on NCERT Guidelines 2 Important questions have been include chapterwise and unitwise 3 Previous year questions with answers of board examinations have been included 4 Solved Model Test Papers for board examination preparation for the current year have been included 1 Nature and Significance of management 2 Principles of Management 3 Business Environment 4 Planning 5 or organising 6 Staffing 7 Directing 8 Controlling 9 Financial Management 10 Financial Market 11 Marketing 12 Consumer Protection 13 Entrepreneurship Development Model Paper Set 1 4 With OMR Sheet BSEB Board Examination Paper BSEB
