## A Dinner for the Dogs

Your job is to figure out how much was raised through ticket sales and donations, and figure out how much supplies will cost (using the community center's donations). Then you will need to choose movie and music fees carefully in order to help the shelter raise its desired goal of \$20,000.

On the following pages, you will find the cost breakdowns, names of movie shows, and needed medical equipment for the dogs in order to calculate the costs.

Finally, you will need to fill out the event sign on the last page. This will require you to fill in the money for the evening, as well as the movie that will be played. You will also need to show how much money was raised to help for the shelter and whether or not they met their fundraising goal.
