Visible Learning for Social Studies, Grades K-12 John Hattie, Julie Stern, Douglas Fisher, Nancy Frey, 2020-04-07 Help students move from surface level learning to the transfer of understanding How do social studies teachers maximize instruction to ensure students are prepared for an informed civic life VISIBLE LEARNING for Social Studies Grades K 12 shows how the field is more than simply memorizing dates and facts it encapsulates the skillful ability to conduct investigations analyze sources place events in historical context and synthesize divergent points of view The Visible Learning framework demonstrates that learning is not an event but rather a process in which students move from surface level learning to deep learning and then onto the transfer of concepts skills and strategies Encouraging learners to explore different facets of society history geography and more best practices for applying visible learning to social studies curriculum are presented through A scaffolded approach including surface level learning deep learning and transfer of learning Examples of strategies lessons and activities best suited for each level of learning Planning tools rubrics and templates to guide instruction Teachers must understand the impact they have on students and select approaches to maximize that impact This book will guide you through the process of identifying the right strategy for the right time to successfully move students through surface deep and transfer learning

More Than Letters, Standards Edition Sally Moomaw, 2020-08-25 For decades early childhood educators in high quality programs have understood that the transition into reading and writing occurs naturally when young children are surrounded by opportunities to interact with print in ways that are meaningful to them The original edition of More Than Letters first published in 2001 showed teachers how to intentionally help children develop literacy skills through hands on play based activities Like the original edition the Standards Edition is based on theory and research It contains new chapters that specifically focus on developing the skills needed to decode literature and informational text Expanded chapters include activities that target specific concepts included in national literacy standards
