How to Fall in Love Dalma Heyn, Richard Marek, 2019-02-05 Can Great Love be coaxed into existence Is true romance a matter of happenstance or does it derive from some kind of magic These are the questions at the heart of this enchanting endearing and life affirming novel Cupid is on notice His boss Jove has just announced that he s downsizing the heavens and has deemed Cupid s job expendable After all in these wired days a love god seems quaint and pointless Cupid manages to buy a little bit of time by asking for one more chance to show that he can orchestrate a love for the ages but the clock is ticking Down on Earth former ballerina Eve Golyakovsky is living a quiet life in Vermont tending to her maple sugar business She dearly loved her late husband a famed choreographer but more as a mentor than as a spouse She s never been truly touched by romance and she s okay with that Evan Cameron is a well known anthologist with a penchant for fine automobiles and commitment free affairs Love has threatened to visit him on occasion but he s always managed to keep it from taking up residence When Eve and Evan meet there s something almost otherworldly about their connection and they reach each other as none ever has before But Great Love is about more than attraction compatibility and fascination And when their budding romance is tested old habits and new fears seem likely to choke this flower off at the roots A love this intense might be more than either of them can handle and more than even Cupid can nurture At once heartwarming and wise funny and touching How to Fall in Love is a love story for the ages and one uniquely suited to our times

an infinite number of possible futures that lie ahead of us like threads stretching out into the distance Rob Hopkins cofounder of the international Transition Network movement invites us to travel to future worlds we would actually want to live in No one makes environmental optimism more credible or compelling than Rob Hopkins Read this and don't weep Hugh Fearnley Whittingstall chef and campaigner In 2020 when the COVID 19 pandemic disrupted every aspect of daily life climate activist and Transition Network cofounder Rob Hopkins responded the way a lot of people did by starting a podcast But it wasn't any ordinary podcast In each episode Hopkins and his guests would time travel together to the year 2030 walking down imagined future streets talking with imagined future neighbors visiting imagined future local businesses While Hopkins's guests came from all walks of life economists politicians bakers comedians novelists and more they all shared a willingness to suspend their worries about the future long enough to mentally inhabit and then describe a world they were thrilled to be a part of What Hopkins discovered was no less profound this simple exercise of visiting a positive future forced him to rethink the work he'd been doing as a climate activist for decades *How to Fall in Love with the Future* is the result of that radical disruption and Hopkins's deep dive into the people and movements throughout history who have used visions of the future to inspire positive change on a large and dramatic scale From the life and writings of musician Sun Ra and the history of Black utopian movements to the latest neuroscience on what goes on in our minds and hearts when we time travel Hopkins brings essential new thinking to anyone overwhelmed with dread and anxiety for the future He asks us to consider what would the world look like if we all got to work imagining and then building a world we were deeply in love with Rob Hopkins is one of the world's great optimists He really believes that things can get better and when he's around they usually do This book will lift your spirits and give you hope Brian Eno musician producer and artist Rob Hopkins puts imagination back at the heart of future dreaming offering us an irresistible invitation to dream bigger and then make those dreams a reality Kate Raworth author of *Doughnut Economics* **How to Fall in Love with Humanity** James 'Fish' Gill, 2025-01-28 Our wellbeing is ultimately founded on fulfilling relationships Yet how effortlessly misunderstandings disagreements and conflicts arise with those we care most about Our political and legal systems promote an adversarial approach to resolution and pop psychology labels encourage us to pathologise those who have done us wrong But the story of victim and villain has only ever deepened opposition Without skills to mend our inevitable relationship ruptures upsets prevail and disconnection deepens No wonder loneliness is recognised globally as the next public health epidemic By turns fierce and poetic *How to Fall in Love with Humanity* delivers what every relationship eventually aches for a practical roadmap to repair You'll learn how to lead the way back to love when it goes missing heal past hurts mend current relationship upsets and prevent otherwise inevitable future conflicts while developing your own invincible superpower how to remain both unfuckwithable and open hearted in every way **How to Date Yourself and Fall in Love** Dorothy C. America Toledo Ohio is the setting of this documentary The specific scene is the corner of Junction Avenue and Lucas Street located in a solid Polish American neighborhood The story could be written of many other neighborhoods and ethnic and racial groups throughout the United States It just so happens that the writer was a member of this particular group and neighborhood Dramatic changes have taken place since the time period addressed in THE CORNER WW II impacted the way of life of all Americans Ethnic and racial neighborhoods and groups are still located throughout the country but on a far less scale Nicknames a sign of popularity in most cases or of a special trait of the individual are not as common in today s society New and interesting developments have impacted the old meetings places and methods of communication amongst the young men throughout America Television new and interesting hobbies and diverse civic religious and other group organizations that provide meeting places and many other features that make for a more effective life style of American youth have replaced the old but unforgettable meetings on the local corners Unfortunately a part of American culture and history are lost for the ages THE CORNER captures a capsule of a part of American life during an era that has literally disappeared from the the American scene
