Hunger In America The Federal Response:

Hunger in America Nick Kotz,1979 Abstract Ten years of studies on hunger and malnutrition in America show federal food legislation has resulted in providing more hungry Americans with adequate diets Latest findings suggest the food aid programs are some of the most effective anti poverty efforts Critical issues of employment housing and comprehensive medical services persist Hunger and malnutrition have not completely vanished Federal assistance program reach approximately half of those eligible The 1977 Food Stamp Act has removed some administrative barriers by lifting the purchase requirement Participation increase is indicated especially among rural poor While only the barest subsistence needs are met by federal programs such as food stamps school feeding programs and WIC the programs are providing a critical service to the national health All levels of government and agencies must work for maximum participation of the eligible and against program abuse

The Urban Underclass Christopher Jencks,Paul E.

Peterson, 2001-08-09 Many believe that the urban underclass in America is a large rapidly increasing proportion of the population that crime teenage pregnancy and high school dropout rates are escalating and that welfare rolls are exploding Yet none of these perceptions is accurate Here noted authorities including William J Wilson attempt to separate the truth about poverty social dislocation and changes in American family life from the myths that have become part of contemporary folklore
