

LA MÉTAMORPHOSE DE SCYLLA

PARTIE 2

par pass-education

Puis, munie de son arme dévastatrice, elle part à la recherche de la nymphe en courant sur les eaux de la mer comme si elle marchait sur la terre ferme. Au bout d'un moment, elle découvre enfin la grotte où Scylla a l'habitude de se reposer lorsque la mer est trop agitée. La cavité est à moitié remplie d'eau. La magicienne s'y introduit discrètement et y déverse l'effroyable poison qu'elle a préparé. En même temps qu'elle disperse le toxique, elle récite des formules obscures, dont la noirceur n'a d'égale que sa haine.

Arrive Scylla. Circé a juste le temps de se cacher dans une faille de la roche. La belle innocente, qui ignore tout de ce qui s'est passé, entre, comme à son habitude, dans son refuge et pénètre dans l'eau jusqu'à la taille. A peine a-t-elle baigné le bas de son corps dans l'onde infectée, qu'elle ressent les effets du sortilège. Des têtes de chiens hurlants commencent à pousser sur ses flancs ! Elle fait d'abord car elle n' imagine pas un seul instant qu'elles puissent faire partie de son corps. Mais elle doit rapidement se rendre à l'évidence : ses jambes se transforment en douze moignons difformes. Descous immenses, au nombre de six, jaillissent de ses hanches. Ils portent chacun une tête abominable avec trois rangées de dents acérées. Son buste est intact mais ce sont désormais d'horribles monstres qui la font marcher et tenir debout. La merveilleuse néréide est devenue la créature la plus repoussante qui soit. Sa voix fluette s'étrangle d'horreur au point qu'elle ne peut plus prononcer aucun mot, mais seulement émettre quelques petits cris aigus.

Impuissante, elle se réfugie au fond de sa grotte.

Lorsque Glaucos découvre l'abomination qui s'est produite, le désespoir l'envahit. Jamais il ne pardonnera à Circé cette trahison. Son amour est perdu. La vision cauchemardesque du monstre le hantera pour toujours.

Quant à Scylla, rendue furieuse par sa métamorphose, elle reste depuis lors cachée dans son antre, laissant sa rage s'exprimer et les parties infernales de son corps dévorer tout ce qui passe à proximité. Voici comment est née une des choses les plus horribles qu'ait croisées Ulysse durant son périple.

Scylla transformée en monstre

Reliefs sur plaque en terre cuite avec inserts en verre datant approximativement du VI^e siècle avant J.-C.
