Manual Programming For Blackberry:

BlackBerry Development Fundamentals John M. Wargo, 2009-11-05 The BlackBerry smartphone is today's 1 mobile platform for the enterprise and also a huge hit with consumers. Until now it's been difficult for programmers to find everything they need to begin developing new applications for BlackBerry devices. BlackBerry Development Fundamentals is the solution: the first single source guide to all aspects of development for the BlackBerry platform. This book thoroughly reviews the BlackBerry's unique capabilities and limitations, helps you optimize your upfront design choices, and covers native rich client applications and Web-based mobile applications for both business and consumer environments. In addition, it is an excellent study guide for the BlackBerry Certified Application Developer exam BCX 810. Coverage includes: The hows, whys, and best practices of BlackBerry development; Planning for and managing the BlackBerry platform's restrictions; Selecting the correct development platform for your BlackBerry applications; Describing the different paths any application can take to get to the data it needs; Explaining the capabilities provided by the BlackBerry Mobile Data System (MDS) Pushing application data to both enterprise and consumer BlackBerry devices using MDS Web Signals and the BlackBerry Push APIs; Dealing with both the special capabilities and limitations of the BlackBerry browser; Building testing and debugging BlackBerry browser applications; Understanding the tools available to Java developers; Using Research In Motion's Java development tools to build test and debug BlackBerry Java applications; Deploying BlackBerry Java applications. BlackBerry All-in-One For Dummies Dante Sarigumba, Robert Kao, William Petz, Timothy Calabro, 2010-09-16 Go beyond BlackBerry basics and get everything your BlackBerry can deliver. BlackBerry is the leading smartphone for business users, and its popularity continues to explode. When you discover the amazing array of BlackBerry possibilities in this fun and friendly guide, you'll be even happier with your choice of smartphones. BlackBerry All in One For Dummies explores every feature and application common to all BlackBerry devices. It explains the topics in depth, with tips, tricks, workarounds, and includes detailed information about cool new third-party applications, accessories, and downloads that can't be missed. With several models available, the BlackBerry is the most popular smartphone for business users, and that market continues to grow. This guide covers the basics common to all models and explores individual features in depth. Examines social networking applications, navigation, organizing contacts, and the calendar, and synchronization issues. Delves into multimedia, including e-mail, photos, and the media player. Explores GPS, the internet, and connectivity. Great downloads, how to maximize third-party applications, and application development. Uses graphs, tables, and images to fully explain the features of each model. Author team is directly involved with BlackBerry application development. BlackBerry All in One For Dummies helps you take full advantage of everything your BlackBerry device can do for you. **Professional BlackBerry** Craig J.
