Reading Families Rebecca L. Krug, 2018-09-05 Rebecca Krug argues that in the later Middle Ages people defined themselves in terms of family relationships but increasingly saw their social circumstances as being connected to the written word Complex family dynamics and social configurations motivated women to engage in text based activities Although not all or even the majority of women could read and write it became natural for women to think of writing as a part of everyday life Reading Families looks at the literate practice of two individual women Margaret Paston and Margaret Beaufort and of two communities in which women were central the Norwich Lollards and the Bridgettines at Syon Abbey The book begins with Paston's letters which were written at her husband's request and ends with devotional texts that describe the spiritual daughterhood of the Bridgettine readers Scholars often assume that medieval women's participation in literate culture constituted a rejection of patriarchal authority Krug maintains however that for most women learning to engage with the written word served as a practical response to social changes and was not necessarily a revolutionary act

Case Studies and Activities in Adult Education and Human Resource Development Steven W. Schmidt,Kathleen P. King,2010-09-01 Case studies have become a widely used instructional tool in many educational environments The use of case studies began in the 1950s at Harvard Business School Today they may be used as part of a course of study or as the main focus of a course to which other material is added While the use of case studies is prevalent in schools of business and medicine they are not often used in adult education or human resource development This may be because there are no current major publications that deal with the use of case studies in these disciplines nor are there any major databases of adult education or human resource development case studies for instructors to use Good case studies can bring reality into the classroom They can provide frameworks for discussion based on issues that must be faced in real life Complex case issues can be broken down and examined for greater understanding then pulled together again for resolution Case studies can be used successfully in adult education I propose a book based on the use of case based learning in adult education and human resource development HRD The book could be positioned as a supplement to course textbooks for courses in adult education and HRD I would write the cases and develop the exercises but could also get others to contribute a case study or exercise to the book Cases would each be a half page to maybe 2 3 pages at the long end and would include questions for students readers Supplementary information possibly in the form of a DVD could be put together for instructors This information would include case study focal points and examples of possible responses for each study exercise *ICSE Final Revision Guide for subjects: Term I Class 10 2021 Examination* Oswal - Gurukul,2021-10-26 Final Revision of ICSE Class 10 Semester I Exam 2021 New Type MCQs Sample Papers of All Subjects Chapter Summary Self Assessment Marking Sheet
