*Gun Control in the Third Reich* Stephen P. Halbrook, 2025-08-26 Based on secret documents from German archives, diaries and newspapers of the time *Gun Control in the Third Reich* presents the definitive yet hidden history of how the Nazi regime made use of gun control to disarm and repress its enemies and consolidate power. The countless books on the Third Reich and the Holocaust fail even to mention the laws restricting firearms ownership which rendered political opponents and Jews defenseless. A skeptic could surmise that a better armed populace might have made no difference but the National Socialist regime certainly did not think so; it ruthlessly suppressed firearm ownership by disfavored groups. *Gun Control in the Third Reich* spans the two decades from the birth of the Weimar Republic in 1918 through Kristallnacht in 1938. The book then presents a panorama of pertinent events during World War II regarding the effects of the disarming policies. And even though in the occupied countries the Nazis decreed the death penalty for possession of a firearm, there developed instances of heroic armed resistance by Jews, particularly the Warsaw ghetto uprising. *Gunsmithing* Roy F. Dunlap, 1963

Exhaustive research has taken Brophy into some of the rarest collections in existence. *The "German Spirit" in the Ottoman and Turkish Army, 1908-1938* Gerhard Größhaber, 2018-04-09 The study focuses on the mutual transfer of military knowledge between the German and the Ottoman Turkish army between the 1908 Young Turk revolution and the death of Atatürk in 1938. Whereas the Ottoman and later the Turkish army were the main beneficiaries of this selective appropriation, the German armed forces evaluated their prospective ally's military experiences to a lesser extent. Through the analysis of archival and published sources and memoir literature, the study provides evidence for the impact of this exchange on the armies of both countries and on the Turkish civil society. Indeed, the officer corps in both countries was a small but influential group of the society for the further development of their nations. A
