How To Dig A Trench Fast:

Venezuelan Stick Fighting Michael J. Ryan, 2016-10-05 In *Venezuelan Stick Fighting The Civilizing Process in Martial Arts* Michael J Ryan examines the modern and historical role of the secretive tradition of stick fighting within rural Venezuela. Despite profound political and economic changes from the early twentieth century to the modern day, traditional values, practices, and social imaginaries associated with older forms of masculinity and sociality are still valued. Stick knife and machete fighting are understood as key means of instilling the values of fortitude and cunning in younger generations. Recommended for scholars of anthropology, social science, gender studies, and Latin American studies. *Earth Mover and Road Builder ...*, 1925 *The Telpin Man* Donald D. Thompson, 2002-12 *The Telpin Man* is book two of *The Sol Chronicles* and it is the story of Rand. As a young man, he became the last of the Telpin Men and to Rand fell the responsibility of the survival of the human race on their adopted world. Unknown to all except the Telpin Men, other intelligent beings inhabit Venus. These beings have long had plans for mankind and they are nearing the execution of their centuries-old plot. The Telpin have long been the slaves of The Masters and yearn for their freedom. It falls to Rand to fulfill the Telpin Prophecy and bring peace to a world on the brink of destruction. Not only must Rand have to deal with the Masters and the Telpin, he must also stop the Mortans and the Vikans from destroying each other and the Zachan community that is his home. Only Rand has the ability to do what must be done, but a price must be paid for his power. The Venetians pay it after 1000 years of peace.

Gene Smith's Sink Sam Stephenson, 2017-08-22 An incisive biography of the prolific photo essayist W Eugene Smith. Famously unabashed, W Eugene Smith was photography's most celebrated humanist. As a photo essayist at *Life* magazine in the 1940s and 50s, he established himself as an intimate chronicler of human culture. His photographs of war and disaster, villages and metropolises, doctors and midwives, revolutionized the role of images in journalism, transforming photography for decades to come. When Smith died in 1978, he left behind eighteen dollars in the bank and forty-four thousand pounds of archives. He was only fifty-nine, but he was flat worn out. His death certificate read stroke, but as was said of the immortal jazzman Charlie Parker, Smith died of everything from drug and alcohol benders to weeklong work sessions with no sleep. Lured by the intoxicating trail of people that emerged from Smith's stupefying archive, Sam Stephenson began a quest to trace his footsteps. In *Gene Smith's Sink*, Stephenson merges traditional biography with rhythmic digressions to revive Smith's life and legacy. Traveling across twenty-nine states, Japan, and the Pacific, Stephenson profiles a lively cast of characters, including the playwright Tennessee Williams to whom Smith likened himself, the avant-garde filmmaker Stan Brakhage with whom he once shared a Swiss chalet, the artist Mary Frank who was married to his friend Robert Frank, the jazz pianists Thelonious Monk and Sonny Clark whose music was taped by Smith in his loft, and a series of obscure caregivers who helped keep Smith on his feet. The distillation of twenty years of research, *Gene Smith's Sink* is an unprecedented look into the photographer's potent legacy and the subjects around him. **101 Quick Fixes in and Around Your Home** Thunder Bay
