Deliver Me from Pain Jacqueline H. Wolf, 2009-03-16 Despite today's historically low maternal and infant mortality rates in the United States labor continues to evoke fear among American women Rather than embrace the natural childbirth methods promoted in the 1970s most women welcome epidural anesthesia and even Cesarean deliveries In Deliver Me from Pain Jacqueline H Wolf asks how a treatment such as obstetric anesthesia even when it historically posed serious risk to mothers and newborns paradoxically came to assuage women's anxiety about birth Each chapter begins with the story of a birth dramatically illustrating the unique practices of the era being examined Deliver Me from Pain covers the development and use of anesthesia from ether and chloroform in the mid nineteenth century to amnesiacs barbiturates narcotics opioids tranquilizers saddle blocks spinals and gas during the mid twentieth century to epidural anesthesia today Labor pain is not merely a physiological response but a phenomenon that mothers and physicians perceive through a historical social and cultural lens Wolf examines these influences and argues that medical and lay views of labor pain and the concomitant acceptance of obstetric anesthesia have had a ripple effect creating the conditions for acceptance of other often unnecessary and sometimes risky obstetric treatments forceps the chemical induction and augmentation of labor episiotomy electronic fetal monitoring and Cesarean section As American women make decisions about anesthesia today Deliver Me from Pain offers them insight into how women made this choice in the past and why each generation of mothers has made dramatically different decisions

Korinek, 2000-01-01 Korinek shows that rather than promoting domestic perfection Chatelaine did not cling to the stereotypes of the era but instead forged ahead providing women with a variety of images ideas and critiques of women's role in society *Advertising to the American Woman, 1900-1999* Daniel Delis Hill, 2002 The author focuses on the marketing perspective of the topic and illustrates how women's roles in society have shifted during the past century Among the key issues explored is a peculiar dichotomy of American advertising that served as a conservative reflection of society and at the same time became an underlying force of progressive social change The study shows how advertisers of housekeeping products perpetuated the Happy Homemaker stereotype while tobacco and cosmetics marketers dismantled women's stereotypes to create an entirely new type of consumer *The American Monthly Review of Reviews*, 1901 **The Hub and the Spokes** Anson Albert Gard, 1904 *Philadelphia* John Lukacs, 2017-07-05 An unorthodox historian known and respected for his work on the grand conflicts of nations and civilizations John Lukacs has peopled a smaller canvas in this volume with seven colourful figures who flourished in Philadelphia before 1950 Their stories are framed by chapters that describe the city in 1900 and in 1950 The Philadelphians selected are a political boss Boies Penrose a magazine mogul Edward Bok an elegant writer Agnes Repplier an impetuous diplomat William C Bullitt a lawyer George Wharton Pepper a prophet of decline Owen Wister and a great art collector Albert C Barnes The political boss was perhaps the most monumental political figure of his age The magazine mogul was the most famous embodiment of the American success story during his lifetime The now almost forgotten writer was the Jane Austen of the essay The diplomat was the most brilliant of ambassadors The terrible tempered collector was a radical proponent of his unusual theory of art Through these seven portraits Lukacs paints a picture of Philadelphia that is like all living things having the power to change out of recognition and yet remain the same This work is a must read for all historians and Philadelphians *Sex/Machine* Patrick D. Hopkins, 1998 As powerful interacting social and physical forces gender and technology shape our experiences cultures and identities sometimes in such comfortable and subtle ways that it takes effort to appreciate them sometimes in such conspicuous and explosive ways that everyone recognizes their importance Delving into these issues is an opportunity to discover how technology promises or threatens to rewrite our ideas about sex sexuality and gender identity **Proposed Modification of the Prohibition Law to Permit the Manufacture, Sale and Use of 2.75 Per Cent Beverages** United States.
