Children of Afghanistan Jennifer Heath, Ashraf Zahedi, 2014-11-15 The first comprehensive look at youth in a country attempting to rebuild itself after three decades of civil conflict Children of Afghanistan relies on the research and fieldwork of twenty one experts to cover an incredible range of topics Focusing on the full scope of childhood from birth through young adulthood this edited volume examines a myriad of issues Children of Afghanistan is the first volume that not only attempts to analyze the range of challenges facing Afghan children across class gender and region but also offers solutions to the problems they face With nearly half of the population under the age of fifteen the future of the country no double lies with its children Those who seek peace for the region must find solutions to the host of crises that have led the United Nations to call Afghanistan the worst place on earth to be born The authors of Children of Afghanistan provide child centered solutions to rebuilding the country s cultural social and economic institutions Back cover Afghanistan C. Heather Bleaney, María Ángeles Gallego, 2006 Presents a thematically indexed bibliography devoted to Afghanistan Following the pattern established by one of its major data sources viz the acclaimed Index Islamicus both journal articles and book publications are included and indexed Cultural Sensitization and Clinical Guidelines for Mental Health Professionals Working with Afghan Immigrant/refugee Women in the U.S. Nahid Aziz, 1999 Final Report, DIA Project No. MDA908-83-M-1643 Language/Area Reference Center, 1983 **A Functional Analysis of the Clause Structure of Dari** Linda Stump Rashidi, 1991 *Conflict in Afghanistan* Frank A. Clements, Ludwig W. Adamec, 2003-12-02 A comprehensive A Z study of the history of conflict in Afghanistan from 1747 to the present This authoritative clearly written volume covers all aspects of the conflicts that have taken place in Afghanistan from 1747 to the present Conflict in Afghanistan provides the reader with a historical overview of hostilities in Afghanistan and discusses their causes history and impact on Afghan society and on regional and international relations A single A Z section covers the three main eras in Afghanistan s history the period from 1747 when Afghanistan first emerged as a unified state the Soviet era 1979 1989 which saw the overthrow of the monarchy the declaration of the Republic and the rise of the Mujahideen and the post Soviet period which brought civil war the rise of the Taliban and finally the events of September 11 and the War on Terrorism both of which receive special attention *A Concise History of Afghanistan-Central Asia and India in 25 Volumes* HAMID ALIKUZAI, 2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction assistance has produced demonstrable progress in health education and economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO s will is waning China Russia and India are largely free riders and Punjab and Iran

publicly say the right things while destabilizing Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high
