My Secret Life on the McJob: Lessons from Behind the Counter Guaranteed to Supersize Any Management Style Jerry Newman, 2007-01-02 Once upon a time a Ph D went to work at Mickey D's And what he found was illuminating Jerry Newman a college professor who has taught business courses for nearly 30 years went undercover as a bottom rung worker for the biggest names in fast food including McDonald's and Burger King Newman found that fast food chains were the perfect petri dishes for covert research High pressure high volume businesses with high employee turnover The pecking order was also crystal clear from fry cook all the way up to store manager Of the seven restaurants where Newman worked some were high morale high productivity machines Others were miserable misplaced circles of hell Yet one common trait stuck out from them all Each restaurant's respective manager determined the climate of the work environment Go behind the fast food counter with Newman and see what happens on an average day on the McJob how the restaurants are run for better or worse how managers reward good employees when

raises are impossible believe it or not bosses give em more hours and it works how morale and motivation spring directly from the manager s office and how a few simple adjustments to your own management style the Supersized Management Principles in this book can transform and invigorate your workplace

McDonald's aggressive business strategy is based upon the premise that its restaurants should be located at strategic locations. Burger King's management is dynamic because it always seeks to utilize the power of new media as a means of ensuring that organizational targets are attained in an effectual manner. Burger King has strived to harness the power of social media to launch new products, track customer feedback, and respond to complaints. Burger King is also successful because of its innovative products like its Whopper, French Toast Sticks, Caesar salads, veggie burgers, and others are examples of innovative products that are offered to customer segments. Burger King has always had a limited menu but it has focused on niche markets. The development of a comprehensive supply chain management system means that KFC can control the power of its suppliers. It trains suppliers so that the adequate standards of hygiene and safety can be maintained. Additionally, it has a monitoring and auditing mechanism to ensure that suppliers comply with the organizational standards and requirements. KFC's training program for its workforce is based upon imparting technical, managerial, and communication skills.
