Outstanding Book Award Winner A 2019 AESA Critic s Choice Award Winner Conservative ideologues have sought to shift
the focus from the collective good to the individual good and to redirect the purposes and aims of education away from public
benefit and in favor of private enterprise As such market oriented privatized and standardized approaches to education
reform have worked toward achieving that goal This book is a primer on how the political right is utilizing various aspects of
philanthropy and the political process to influence educational policymaking In 1971 corporate lawyer and future U S
Supreme Court Justice Lewis Powell wrote a detailed memo that galvanized a small group of conservative philanthropists to
create an organizational structure and fifty year plan to alter the political landscape of the United States Funded with
significant dark money the fruits of their labor are evident today in the current political context and sharp cultural divisions
in society Philanthropy Hidden Strategy and Collective Resistance examines the ideologies behind the philanthropic efforts in
education from the 1970s until today Authors examine specific strategies philanthropists have used to impact both
educational policy and practice in the U S as well as the legal and policy context in which these initiatives have thrived The
book aimed for a broad audience of educators provides a depth of knowledge of philanthropic funding as well as specific
strategies to incite collective resistance to the current context of hyperaccountability privatization of schooling at all levels
and attempts to move the U S further away from a commitment to the collective good Perfect for courses such as Critical and

schematics to aid understanding as well as graphs and tables to illustrate performance data A Manual on Certification Requirements for School Personnel in the United States, 1959 **Higher Education**, 1952 *The Roma in European Higher Education* Louise Morley, Andrzej Mirga, Nadir Redzepi, 2020-06-25 Today between 10 and 12 million Roma live in Europe comprising the continent's largest ethnic minority. However, only 1% participate in higher education. Although the Roma are widely dispersed across Europe and beyond, they face similar social, political, and economic challenges throughout the continent. A major site of struggle has been access, attendance, and achievement in the education sector for Gypsies, Roma, and Travellers. GRT This groundbreaking text explores the Roma in higher education, a topic of great importance since higher education is considered to be a significant pathway out of poverty and to social mobility. Why are participation rates so low? What are the barriers, and what are the enablers? This edited collection brings together authors from diverse national and organisational locations, including academics, activists, and policymakers from Canada, Chile, Finland, Greece, Hungary, Macedonia, Poland, Romania, Serbia, the UK, and the USA. They share and critically analyse contemporary knowledge on research, policies, practices, and interventions to promote Roma participation in higher education in a range of European locations. They cover key topics including the representation of Roma communities as living on the margins, but also racism, anti-Gypsyism, Romaphobia, hate crimes, and discriminatory practices. The book offers insights into how to fight discrimination and re-distribute higher educational opportunities without objectifying the Roma or representing these rich and diverse communities merely as powerless victims. **Resources in Education**, 2001 **Personnel Literature** United States. Library, 1971 **Training and Reference Manual for Job Analysis** United States Employment Service, 1965 **Integrating Gender in Agricultural Development** Lila Singh-Peterson, Michelle Carnegie, 2019-12-02 This book is grounded in the ideology that an alignment between the conceptual and practical understandings of gender equality is a critical component of sustainable development. It draws on six rural case studies to examine the various ways in which gender has been integrated in agricultural research for development projects. *Adapting Higher Education Teaching for an Online Environment* Rachel Stone, Ian Glover, 2021-06-16 For busy academics of all subject disciplines who have been asked to convert their face-to-face teaching into an online model of delivery. The chapters present the steps that need to be taken to design and facilitate a high-quality learning experience for students using a variety of modes and media. Each chapter includes a task and a checklist designed to help the reader through the transition process, covering such aspects as tools, structure, presentations, live and on-demand teaching, assessment ideas, for activities, inclusion, and trouble-shooting. **Integrated Reporting** Samuel O. Idowu, Mara Del Baldo, 2019-01-04 This book critically examines the implementation and adoption of integrated reporting (IR) in organizations and corporations. A relatively new area of policy and practice, IR has rapidly gained considerable prominence since the formation of the International Integrated Reporting Committee in 2010. The book analyzes the outcomes and

benefits as well as the shortfalls of integrated reporting It offers an introduction to the foundations of IR and a comprehensive overview of its use through a number of detailed case studies Lastly it discusses the outlook for further developments in sustainability accounting and reporting

Critical Issues in Higher Education Michael Kompf, Pamela M. Denicolo, 2013-02-11 The ideas and papers in this volume primarily showcase the work of a group of new scholars who will lead the next generation of educational practise and inquiry While the topics explored are critical issues the ways in which these new scholars have chosen to address them illustrates the diversity of voice venue and value that has led them to present their work Education and what it means has entered a new era in which the primary focus on education for the sake of education is strained An educational free for all in the sense of a no holds barred fight seems in place as competition for market share effective branding exercises and movement towards a client based delivery of educational services on demand as demanded has been fuelled and compounded by litigation accreditation transfer credits and matters of patents copyrights ownership and monopoly The link between education and financial well being has been co opted as the key to personal success Unfortunately the degree pursuit often called the paper chase has become competitive for learners seeking scholarships awards and entry into graduate school This transition indicates movement from becoming well educated to employability potential paralleling much institutional retooling and sustenance of enhanced reputation and fiscal viability

Rethinking the New Left V. Gosse, 2016-03-21 Gosse one of the foremost historians of the American postwar left has crafted an engaging and concise synthetic history of the varied movements and organizations that have been placed under the broad umbrella known as the New Left As one reader notes gosse has accomplished something difficult and rare if not altogether unique in providing a studied and moving account of the full array of protest movements from civil rights and Black Power to student and antiwar protest to women s and gay liberation to Native American Asian American and Puerto

Rican activism that defined the American sixties as an era of powerfully transformative rebellions His is a big tent view that shows just how rich and varied 1960s protest was In contrast to most other accounts of this subject the SDS and white male radicals are taken out of the center of the story and placed more toward its margins A prestigious project from a highly respected historian *The New Left in the United States 1955-1975* will be a must read for anyone interested in American politics of the postwar era
