Fox News Channel Report News:

FOX NEWS NUTS? (Unfair & Unbalanced for over 200 years) Kristina Townsend, 2014-03-31 Fox News philosophy consists of Rightwing views VS Leftwing views But the Real World consists of Rightwing views VS Common Sense Discover how Fox News distorts manipulates falsifies misrepresents fabricates and manufactures their side of the story while Fox News Viewers are induced in a hypnotic state based on bigotry racism prejudice and hate The Fox Effect David Brock, Ari Rabin-Havt, Media Matters for America, 2012-02-21 Here is comprehensive overview of the tumultuous career of former Fox News president Roger Ailes and a must read for anyone looking to understand his legacy and impact on news media Based on the meticulous research of the news watchdog organization Media Matters for America David Brock and Ari Rabin Havt show how Fox News under its president Roger Ailes changed from a right leaning news network into a partisan advocate for the Republican Party The Fox Effect follows the career of Ailes from his early work as a television producer and media consultant for Richard Nixon Ronald Reagan and George H W Bush Consequently when he was hired in 1996 as the president of Rupert Murdoch s flagship conservative cable news network Ailes had little journalism experience but brought to the job the mindset of a political operative As Brock and Rabin Havt demonstrate through numerous examples Ailes used his extraordinary power and influence to spread a partisan political agenda that is at odds with long established widely held standards of fairness and objectivity in news reporting Featuring transcripts of leaked audio and memos from Fox News reporters and executives The Fox Effect is a damning indictment of how the network s news coverage and commentators have biased reporting drummed up marginal stories and even consciously manipulated established facts in their efforts to attack the Obama administration

Broadcasting Journalism Jacoby Barrera, 2019-03-19 Advertising research is a systematic process of marketing research conducted to improve the efficiency of advertising Advertising and media research explains the complexities of planning in a fast moving non complex style As we enter the new century of transformed advertising techniques and marketing challenges Research is to find out something new and advertising research is to find out how advertising works effectively and guide in making effective advertising decisions There are various kinds of advertising research and these include pre testing post testing campaign research and measuring advertising effectiveness Advertising follows logically after listening to consumer requirements introducing productive conditions distributing the goods However the actual sequence and emphasis deriving from the diverse sub cultures can be quite differentiated The effects of the different mass media on social psychological and physical aspects Research survey that segments the people based on what television programs they watch radio they listen and magazines they read Media research makes use of scientific methods of research It aims at providing an objective unbiased evaluation of data First the research problem is identified and then a prescribed set of procedures of research is followed to investigate the problem Only thereafter comes report of the findings This book is more catered to readers who have no background on the media It is more informational than instructional It s great if you are

looking into learning about how the media works per se but not if you are concerned about effectively positioning your products in the market

The 21st-Century Voter Guido H. Stempel III, Thomas K. The Loudest Voice in the Room Gabriel Sherman, 2017-02-14 A revelatory journey inside the world of Fox News and Roger Ailes the brash sometimes combative network head who helped fuel the rise of Donald Trump NEW YORK TIMES BESTSELLER NOW A SHOWTIME LIMITED SERIES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996 American politics and media changed forever With a remarkable level of detail and insight Vanity Fair magazine reporter Gabriel Sherman puts Ailes's unique genius on display along with the outsize personalities Bill O'Reilly Sean Hannity Megyn Kelly Sarah Palin Karl Rove Glenn Beck Mike Huckabee Gretchen Carlson Bill Shine and others who have helped Fox News play a defining role in the great social and political controversies of the past two decades From the Clinton Lewinsky scandal to the Bush Gore recount from the war in Iraq to the Tea Party attack on the Obama presidency Roger Ailes developed an unrivaled power to sway the national agenda Even more he became the indispensable figure in conservative America and the man any Republican politician with presidential aspirations had to court How did this man become the master strategist of our political landscape In revelatory detail Sherman chronicles the rise of Ailes a frail kid from an Ohio factory town who through sheer willpower the flair of a showman fierce corporate politicking and a profound understanding of the priorities of middle America built the most influential television news empire of our time Drawing on hundreds of interviews with Fox News insiders past and present Sherman documents Ailes's tactical acuity as he battled the press business rivals and countless real and perceived enemies inside and outside Fox Sherman takes us inside the morning meetings in which Ailes and other high level executives strategized Fox's presentation of the news to advance Ailes's political agenda provides behind the scenes details of Ailes's crucial role as finder and shaper of talent including his sometimes rocky relationships with Fox News stars such as O'Reilly

Hannity and Carlson and probes Ailes's fraught partnership with his equally brash and mercurial boss Rupert Murdoch. Roger Ailes's life is a story worthy of *Citizen Kane*. Featuring an afterword about Ailes's epic downfall during the extraordinary 2016 election, *The Loudest Voice in the Room* is an extraordinary feat of reportage with a compelling human drama at its heart.

Official Congressional Directory 1999-2000 Claitors Law, 1999-09 *Ugly War, Pretty Package* Deborah L. Jaramillo, 2009-09-25 Deborah L. Jaramillo investigates cable news presentation of the Iraq War in relation to high concept filmmaking. High concept films can be reduced to single sentence summaries and feature pre sold elements they were considered financially safe projects that would sustain consumer interest beyond their initial theatrical run. Using high concept as a framework for the analysis of the 2003 coverage of the Iraq War paying close attention to how Fox News and CNN packaged and promoted the U.S. invasion of Iraq. *Ugly War Pretty Package* offers a new paradigm for understanding how television news reporting shapes our perceptions of events. *Fox News and American Politics* Dan Cassino, 2016-04-14 In recent years scholars have argued that the ability of people to choose which channel they want to watch means that television news is just preaching to the choir and doesn't change any minds. However this book shows that the media still has an enormous direct impact on American society and politics. While past research has emphasized the indirect effects of media content on attitudes through priming or framing for instance Dan Cassino argues that past data on both the public opinion and the media side wasn't detailed enough to uncover it. Using a combination of original national surveys large scale content analysis of news coverage along with data sets as disparate as FBI gun background checks and campaign contribution records Cassino discusses why it's important to treat different media sources separately estimating levels of ideological bias for television media sources as well as the differences in the topics that the various media sources cover. Taking this into account proves that exposure to some media sources can serve to actually make Americans less knowledgeable about current affairs and more likely to buy into conspiracy theories. Even in an era of declining viewership the media especially Fox News are shaping our society and our politics. This book documents how this is happening and shows the consequences for Americans. The quality of journalism is more than an academic question when coverage focuses on questionable topics or political bias there are consequences. **News Grazers** Richard Forgette, 2018-01-12 Politicians and journalists have never been among the most trusted professional classes in this book author Richard Forgette posits a news grazing explanation of how and why. Forgette an expert on the U.S. Congress and public policy draws upon direct experimental research to argue that the diffusion of media outlets and media technologies have resulted in an increasingly fragmented and distracted news audience. **Presidential Communication and Character** Stephen Farnsworth, 2018-03-09 This book traces the evolution of White House news management during America's changing media environment over the past two decades. Comparing and contrasting the communication strategies of Bill Clinton George W. Bush Barack Obama and Donald Trump it demonstrates the difficulty that all presidents have in controlling their messages despite a seemingly endless array of new media outlets.

and the great advantages of the office That difficulty is compounded by new media s amplification of presidential character traits for good or ill Facebook Twitter and YouTube notwithstanding presidential power still resides in the power to persuade and that task remains a steep challenge More than ever presidential character matters and the media presidents now employ report on the messenger as much as the message The book also looks at the media strategies of candidates during the 2016 presidential campaign puts presidential media use in global context and covers the early phase of the Trump administration the first true Twitter presidency

Outfoxed Alexandra Kitty,2005-04-01 The director of 2004 s smash hit documentary Outfoxed Rupert Murdoch s War on Journalism teams with journalist Alexandra Kitty in an even more detailed and updated examination of how media empires led by Rupert Murdoch s Fox News have been running a race to the bottom in television news They examine media consolidation by focusing on the Fox News Channel How did Fox gain prominence How did the Fox News Channel gain audiences and influence public debate How does Fox report reality Is the network merely interpreting events or is it pushing propaganda Who are the main players and how do they treat their friends and enemies Why should readers care about how Fox takes liberties with its facts Each chapter blends interviews from Greenwald s documentary transcripts from Fox programs and other research pertaining to Fox News not only to illustrate the Fox mentality but also to show the factual ethical and structural problems with the news channel Interviews and transcripts are analyzed to give readers a strong sense of what Fox is actually telling its audiences *The Silencing* Kirsten

Anatomy of Fake News Nolan Higdon,2020-08-04 Since the 2016 U S presidential election concerns about fake news have fostered calls for government regulation and industry intervention to mitigate the influence of false content These proposals are hindered by a lack of consensus concerning the definition of fake news or its origins Media scholar Nolan Higdon contends that expanded access to critical media literacy education grounded in a comprehensive history of fake news is a more promising solution to these issues The Anatomy of Fake News offers the first historical examination of fake news that takes as its goal the effective teaching of critical news literacy in the United States Higdon employs a critical historical media ecosystems approach to identify the producers themes purposes and influences of fake news The findings are then incorporated into an invaluable fake news detection kit This much needed resource provides a rich history and a promising set of pedagogical strategies for mitigating the pernicious influence of fake news *Hoax* Brian Stelter,2020-08-25 The instant New York Times bestseller that reveals the collusion between Fox News and Donald Trump with explosive new reporting covering the election and the January 6 riot As the nation recovers from the Trump presidency many questions remain Why was the COVID 19 pandemic so grossly mishandled How did we get so politically polarized What caused white

nationalist groups to come out of the shadows and are they here to stay The answers lie the twisted story of the relationship between Donald Trump and Fox News Through firsthand accounts from over 250 current and former Fox insiders CNN anchor and chief media correspondent Brian Stelter unlocks the inner workings of Rupert Murdoch s multibillion dollar media empire The confessions are shocking We don t really believe all this stuff a producer says We just tell other people to believe it Stelter completes the story of the Trump years and looks toward the future of the network that made him Hoax is a book for anyone who reads the news and wonders how we got here and what happens next *News Corp* Graham Murdock,Benedetta Brevini,Michael Ward,2024-09-27 A comprehensive scholarly look at the dominance power and influence of News Corp as one of the most potent communication giants of current times Drawing on a wealth of empirical evidence this book offers an authoritative wide ranging and accessible analysis of the development operations and political influence of the most widely commented on media company of modern times directed by the world s most famous media mogul Rupert Murdoch It details News Corp s ownership and control traces its global expansion in print television and film examines the crises that have prompted sell offs withdrawals and retrenchment and explores losses and gains in its responses to the rise of digital media The book explores Rupert Murdoch s close relations with successive prime ministers and presidents examines the mobilisation of his news outlets to make and break political reputations and details the consistent promotion of right wing populist ideology on a range of key issues across the company s tabloid outlets This is an invaluable resource to students and scholars of global media industries the political economy of media media policy and media and politics *The Power to Destroy* Michael J. Graetz,2025-09-23 How the antitax fringe went mainstream and now threatens America s future The postwar United States enjoyed large widely distributed economic rewards and most Americans accepted that taxes were a reasonable price to pay for living in a society of shared prosperity Then in 1978 California enacted Proposition 13 a property tax cap that Ronald Reagan hailed as a second American Revolution setting off an antitax antigovernment wave that has transformed American politics and economic policy In *The Power to Destroy* Michael Graetz tells the story of the antitax movement and how it holds America hostage undermining the nation s ability to meet basic needs and fix critical problems In 1819 Chief Justice John Marshall declared that the power to tax entails the power to destroy But *The Power to Destroy* argues that tax opponents now wield this destructive power Attacking the IRS protecting tax loopholes and pushing tax cuts from Reagan to Donald Trump the antitax movement is threatening the nation s social safety net increasing inequality ballooning the national debt and sapping America s financial strength The book chronicles how the movement originated as a fringe enterprise promoted by zealous outsiders using false economic claims and thinly veiled racist rhetoric and how abetted by conservative media and Grover Norquist s taxpayer protection pledge it evolved into a mainstream political force The important story of how the antitax movement came to dominate and distort politics and how it impedes rational budgeting equality and opportunities *The Power to Destroy* is essential reading for understanding American life today *Bring 'Em On*

Lee Artz, Yahya R. Kamalipour, 2004-12-10 How were the American people prepared for the war on Iraq How have political agents and media gatekeepers sought to develop public support for the first preventive war of the modern age Bring Em On highlights the complex links between media and politics analyzing how communication practices are modified in times of crisis to protect political interests or implement political goals International contributors in mass communication political science and sociology address how U S institutional media practices government policy and culture can influence public mobilization for war

News Flash Bonnie Anderson, 2004-05-21 While talking heads debate the media's alleged conservative or liberal bias award winning journalist Bonnie Anderson knows that the problem with television news isn't about the Left versus the Right it's all about the money From illegal hiring practices to ethnocentric coverage to political cheerleading News Flash exposes how American broadcast conglomerates pursuit of the almighty dollar consistently trumps the need for fair and objective reporting Along the way to the bottomline the proud tradition of American television journalism has given way to an entertainment driven industry that's losing credibility and viewers by the day As someone who has worked as both a broadcast reporter and a network executive Anderson details how the networks have been co-opted by bottom line thinking that places more value on a telegenic face than on substantive reporting Network executives the real power in broadcast journalism are increasingly employing tactics and strategies from the entertainment industry They cast reporters based on their ability to project credibility value youth over training and experience and often greenlight coverage only if they can be assured that it will appeal to advertiser friendly demographics
