Don'ts

Nesting Tables - Do's

Use the table for display, to create a 'story', 'theme' and category of merchandise rather than stacking

If props are being used they should add to the display and help in communicating the story/ look/ theme.

Ensure colour blocking or create a colour story.

The stacks should be neat and tidy in communicating a story.

The table is placed right next to the toys basket and this gives a chaotic look to the section. This should not be done.

The garments of the same genre should be kept together.
