

10 STEPS TO CURE A WINE HANGOVER

If you're reading this, then you are/have experienced the dreaded 'wine flu'. I have many years of experience & therefore wanted to share my wisdom with you...

By TravellingCorkscrew.com.au

1 SLEEP AS LONG AS POSSIBLE

Sleep as long as you can, when you're sleeping you're not feeling the pain and you may even be able to sleep it off.

2 GET FLUIDS IN YA

Drink as much as you can (non-alcoholic beverages of course!), my favourite is a frozen coke or sprite. Icy cold and the sugar really helps. Of course water is the ultimate beverage to get stuck into when suffering a dreaded wine hangover, but sometimes you just don't feel in the mood for it, right?

3 POP A FEW PILLS

Painkillers, the sooner you can get some neurofen, panadol or disprin down ya, the better!

4 ENJOY SOME EGG PORN

Eat a couple of softboiled or poached eggs. Eggs have cysteine in them which helps break down the toxins in your body.

5 MISO ME BABY

Miso Soup! The soup contains lots of nutrients and vitamins which helps soothe the tummy. I swear by it!

6 GET YOUR BA-NAY-NAY ON

You loose potassium when you drink wine. So eating bananas which are full of potassium the next day helps replenish your potassium levels and the fructose helps process the alcohol quicker.

7 RE-HYDRATE WITH POWER

Powerade & sports drinks are full of sodium, calories and electrolytes which are exactly what you need after dehydrating your body with all that wine!

8 PLAIN JANE FOOD

Eat bland food like crackers, toast or plain 2-minute noodles, they'll help raise low blood sugar levels whilst not irritating the stomach like greasy fatty foods will.

9 STEAMY SHOWER TIME

A hot shower, this will help relax your body and may even help you sleep to succeed at step 1!

10 GO-GO-NUT TIME

Eat a fresh coconut or drink some coconut water. Coconuts are full of anti-oxidants which are exactly what a wine flu sufferer needs! And if you're still struggling, then perhaps 'hair of the dog' is more your style, so why not chuck some rum in that coconut water!

Understanding and Treating Alcoholism Jill Littrell, 2014-01-02 There seems to be an abundance of factual information regarding alcoholism what causes it who is most susceptible how it affects its victims and how it should be treated However a definitive source of data supporting or refuting the numerous and diverse positions was never available Thus the goal of the author is to provide professionals with a solid understanding as to which factual statements about alcoholism are actually supported with evidence and some of the empirically validated ways to proceed with treatment Major methods of treatment are reviewed and empirically based approaches are compared and contrasted with one another Different and sometimes new focal points are explored such as the disease concept of alcoholism family members of alcoholics personality characteristics and effects of alcoholism exclusive to women Also notable is the nearly unprecedented look into the impact of alcohol on all types of mood and behavior rather than just on aggression a topic long since exhausted A comprehensive review of literature complemented with critiques of research this two volume set is a thorough informative source of reference for anyone who seeks to further their knowledge of this often misunderstood yet unfortunately all too common phenomenon **Expectation**

Hangover Christine Hassler, 2016-01-07 When our expectations are met and things go according to plan we feel a sense of accomplishment we feel safe in control and on track But when life does not live up to our expectations we end up with an Expectation Hangover This particular brand of disappointment is profoundly uncomfortable and can cost us valuable time and energy if not treated and leveraged effectively Christine Hassler has broken down the complex and overwhelming experience of recovering from disappointment into a step by step treatment plan This book reveals the formula for how to process Expectation Hangovers on the emotional mental physical and spiritual levels to immediately ease suffering Instead of wallowing in regret self recrimination or anger we can see these experiences as catalysts for profound transformation and doorways that open to possibility Often it is only when life throws us a curveball or several that we look in a different direction and make room for the kinds of unexpected things that lead more directly to a life we love By the time you finish this book you ll understand why your Expectation Hangover happened and have your own treatment plan a clear course of action to pursue your goals while preventing future disappointment Get Knowledge Get Treated Evangeline
