Ebook: International Accounting Timothy Doupnik, Hector Perera, 2014-10-16 The Fourth Edition of International Accounting provides an overview of the broadly defined area of international accounting but also focuses on the accounting issues related to international business activities and foreign operations. This edition also includes substantially updated coverage of the International Accounting Standards Board IASB and International Financial Reporting Standards IFRS. The unique benefits of this textbook include its up to date coverage of relevant material, extensive numerical examples provided in most chapters, two chapters devoted to the application of International Financial Reporting Standards IFRS and coverage of nontraditional but important topics such as strategic accounting, issues of multinational companies, international corporate governance and corporate social responsibility reporting.

Management Education for Global Leadership Baporikar, Neeta, 2016-10-25 An individual's success as a manager is largely dependent on the effectiveness of the training and education they received. However, as new technologies and management techniques emerge within the field, it becomes necessary to evaluate ways to optimize management education programs. Management Education for Global Leadership examines the complexities and challenges present in improvising the learning process in education programs. Highlighting real life experiences, theoretical concepts and practical applications within the field as well as the role of information technologies in management education and training programs, this publication is a critical reference for scholars.
