Dream Trippers David A. Palmer, Elijah Siegler, 2017-11-27. Over the past few decades Daoism has become a recognizable part of Western alternative spiritual life. Now that Westernized version of Daoism is going full circle traveling back from America and Europe to influence Daoism in China. *Dream Trippers* draws on more than a decade of ethnographic work with Daoist monks and Western seekers to trace the spread of Westernized Daoism in contemporary China. David A. Palmer and Elijah Siegler take us into the daily life of the monastic community atop the mountain of Huashan and explore its relationship to the socialist state. They follow the international circuit of Daoist energy tourism which connects a number of sites throughout China and examine the controversies around Western scholars who become practitioners and promoters of Daoism. Throughout are lively portrayals of encounters among the book's various characters: Chinese hermits and monks, Western seekers and scholar practitioners as they interact with each other in obtuse, often humorous and yet sometimes enlightening and transformative ways. *Dream Trippers* untangles the anxieties, confusions and ambiguities that arise as Chinese and American practitioners balance cosmological attunement and radical spiritual individualism in their search for authenticity in a globalized world.

Chi Nei Tsang Mantak Chia, 2006-12-26. An ancient Taoist system for detoxifying and rejuvenating the internal organs. Presents techniques to clear blockages in the body's energy flow. Includes illustrated exercises to relieve common ailments, revitalize the organs and enable readers to take charge of their own health and well-being. Focuses on the navel center where negative emotions, stress and illness accumulate. The techniques of Chi Nei Tsang evolved in Asia during an era when few physicians were available and people had to know how to heal themselves. Many people today have symptoms that modern medicine is not able to cure because a physical source for the problem is not easily found. The energies of negative emotions, stress and tension are all common in modern life and the weight of past illness accumulates in the abdominal center causing energy blockages and congestion. When this occurs all vital functions stagnate and myriad problems arise. By practicing the techniques of Chi Nei Tsang this stagnation is removed and the vital organs surrounding the navel center are detoxified and rejuvenated. Master Chia teaches readers how to avoid absorbing negative energies from others and take full charge of their health through the self-healing techniques of Chi Nei Tsang.
