### Compact Excavator

Engine Type II Models: ACR704 to ACR729  
Engine Type III Models: AHR04-46 and up

# Parts Manual

When ordering our two parts, give us the correct part number. All descriptions, quantity required, the correct model number and serial number. For your safety and continued proper operation, use only genuine **GENCO** service parts.

The model and vessel involved for this test case are as are presented in a model in the front of the ship.

\*Right and Left are determined from a position looking up the runway's axis and facing forward.

**64392.** Company reserves the right to make changes or improvements to the design or construction of any part of the unit without incurring the obligation to notify such changes or any otherwise relevant facts.

Refer to the abbreviations table located on this page for special parts descriptions. Detailed structural drawings and torque values are also provided near the back of this manual. Metric torque values shown in the illustrations are in the foreground and are converted to inch-pounds by multiplying by 0.706.

Specific reference sources, including a complete checklist, are included in some chapters. A useful tip, present in some chapters, includes a list of books, e.g., on *z*. In the updated new part (ii), additional references are listed by Anthony Martin.
