Aboriginal Frontiers And Boundaries In Australia S. L. Davis, J. R. V. Prescott, 2015-09-07 Before the coming of Europeans Aboriginal communities lived within territories defined by complex ritual cycles of song dance symbol and ceremony Knowledge of these boundaries and frontiers was in the keeping of senior custodians In traditional communities this continues to be the situation Today white Australians belatedly acknowledge Aboriginal land rights and the special significance of sacred sites This makes an understanding of the boundaries vital to the achievement of basic land and sea rights for Aboriginal people Unfortunately over much of the continent knowledge of boundaries has been lost or is in danger of being lost In this work two political geographers explore the nature of Aboriginal boundaries and their contemporary implications In four detailed case studies they challenge many of the assumptions which have underpinned the involvement of white advisers The result is a timely study which raises

important questions about an issue of national significance **Teaching Aboriginal Studies** Rhonda Craven, 2020-07-23 Teaching Aboriginal Studies has been a practical guide for classroom teachers in primary and secondary schools as well as student teachers across Australia Chapters on Aboriginal history and culture stereotypes and racism government policies and reconciliation provide essential knowledge for integrating Aboriginal history and culture issues and perspectives across the curriculum This second edition of Teaching Aboriginal Studies encompasses developments over the past decade in Aboriginal affairs Aboriginal education and research It features a wide range of valuable teaching sources including poetry images oral histories media and government reports There are also strategies for teaching Aboriginal Studies in different contexts and

the latest research findings The text is lavishly illustrated with photographs posters paintings prints ads and cartoons Teaching Aboriginal Studies is the product of consultation and collaboration across Australia Remarkable educators and achievers both Aboriginal and other Australians tell what teachers need to know and do to help Aboriginal students reach their potential educate all students about Aboriginal Australia and make this country all that we can be The importance of this book cannot be overestimated We have been insisting for years that pre service teachers be required to learn about Aboriginal history culture and identity and that it be regarded as integral to qualifying for their education degrees Lionel Bamblett General Manager Victorian Aboriginal Education Association Inc
