

Detergents and laundry

GB

Detergent dispenser

Good washing results also depend on the correct dose of detergent: adding too much detergent won't necessarily make for a more efficient wash, and may in fact cause build up on the interior of your appliance and even pollute the environment.

Open up the detergent dispenser and pour in the detergent and fabric softener, as follows.

compartment 1: Detergent for pre-wash (powder)

Before pouring in the detergent, make sure that extra compartment 4 has been removed.

compartment 2: Detergent for the wash cycle (powder or liquid)

Liquid detergent should only be poured in immediately prior to the wash cycle start.

compartment 3: Additives (fabric softeners, etc.)

The fabric softener should not overflow from the grid.

extra compartment 4: Bleach

! Do not use hand wash detergent because it may form too much foam.

Bleach cycle

! **Traditional** bleach should be used on sturdy white fabrics, and **delicate** bleach for coloured fabrics, synthetics and for wool.

Place extra compartment 4, provided, into compartment 1. When pouring in the bleach, be careful not to exceed the "max" level indicated on the central pivot (see figure).

To run the bleach cycle alone, pour the bleach into extra compartment 4 and set the Rinse programme (see page 9). To bleach during a wash cycle, pour in the detergent and fabric softener, set the desired programme and enable the Stain removal option (see page 9).

The use of extra compartment 4 excludes the possibility of using the pre-wash cycle.

Preparing your laundry

- Divide your laundry according to:
 - the type of fabric/the symbol on the label,
 - the colours: separate coloured garments from whites.
- Empty all pockets and check for loose buttons.
- Do not exceed the weight limits stated below, which refer to the weight when dry:
 - Sturdy fabrics: max 5 kg
 - Synthetic fabrics: max 2.5 kg
 - Delicate fabrics: max 2 kg
 - Wool: max 1 kg

How much does your laundry weigh?

- 1 sheet 400-500 g
- 1 pillow case 150-200 g
- 1 tablecloth 400-500 g
- 1 bathrobe 900-1,200 g
- 1 towel 150-250 g

Special items

Curtains: fold curtains and place them in a pillow case or mesh bag. Wash them separately without exceeding half the appliance load. Use programme 7 which excludes the spin cycle automatically.

Quilted coats and windbreakers: if they are padded with goose or duck down, they can be machine-washed. Turn the garments inside out and load a maximum of 2-3 kg, repeating the rinse cycle once or twice and using the delicate spin cycle.

Wool: for best results, use a specific detergent, taking care not to exceed a load of 1 kg.

Indesit Wil103 Instruction Manual

KJ Lindholm-Leary

Indesit Wil103 Instruction Manual:

This is likewise one of the factors by obtaining the soft documents of this **Indesit Wil103 Instruction Manual** by online. You might not require more times to spend to go to the book instigation as skillfully as search for them. In some cases, you likewise attain not discover the notice Indesit Wil103 Instruction Manual that you are looking for. It will completely squander the time.

However below, as soon as you visit this web page, it will be as a result enormously easy to acquire as competently as download lead Indesit Wil103 Instruction Manual

It will not assume many get older as we run by before. You can realize it though ham it up something else at house and even in your workplace. so easy! So, are you question?
