Linking Paragraphs Exercises:

Writing Skills Teacher's Book Norman Coe, Robin Rycroft, Pauline Ernest, 1983-03-31 Writing Skills provides learners with problem solving activities based on a wide variety of text types. The activities give practice in using specific items of language and in developing the ability to organise information. Text types covered are letters both informal and formal reports brochures journalistic articles instructions and stories. In all cases emphasis is placed on group work and substantial opportunities and ideas for further practice are given throughout. The Teacher's Book contains notes and a key as well as comprehensive explanations of the rationale behind the exercises. English for Academic Research: Writing Exercises

Adrian Wallwork, 2012-10-13 This book is based on a study of referees reports and letters from journal editors on reasons why papers written by non native researchers are rejected due to problems with English long sentences redundancy poor structure etc. It draws on English related errors from around 5000 papers written by non native authors around 3000 emails 500 abstracts by PhD students and over 1000 hours of teaching researchers how to write and present research papers. The exercises are organized into ten chapters on punctuation and spelling word order writing short sentences and paragraphs link words connecting phrases and sentences together being concise and removing redundancy ambiguity and political correctness paraphrasing and avoiding plagiarism defining comparing evaluating and highlighting anticipating possible objections indicating level of certainty discussion limitations hedging future work writing each section of a paper. Some exercises require no actual writing but simply choosing between various options thus facilitating self study e reading and rapid progress. In those exercises where extended writing is required model answers are given. Exercise types are repeated for different contexts for example the importance of being concise is tested for use in papers referees reports and emails of various types. Such repetition of similar types of exercises is designed to facilitate revision. The exercises can also be integrated into English for Academic Purposes EAP and English for Special Purposes ESP courses at universities and research institutes. The book can be used in conjunction with the other exercise books in the series and is cross referenced to English for Research Usage Style and Grammar English for Writing Research Papers.
