Ibrahim, 2017-05-24 Five times world record breaking hula hoop star Marawa Ibrahim was told that she was too chubby during her teenage years to succeed as a performer. Today she is one of the most solicited circus performers worldwide.

working with artists from Pharrell Williams to Beyonce and Kenzo. Contained within these pages are 50 lessons, anecdotes and stories about the changes Marawa experienced in her own body during puberty, written in consultation with Doctor Janice K Hillman. The first book in a new series about growing up has been written for young girls becoming women who need not feel alone on their journey to womanhood.

My First Day, 2022-10-19 I wrote this book to help girls learn more about the transition from girlhood to womanhood. I realised it is taboo even to mention a girl's menstrual cycle in some countries and I want to change that by writing this book. In this book you will find chapters that will help to answer your burning questions and an excellent period tracker at the end. You will also get a few bonus chapters and some more knowledge about your amazing female body so you can learn more about your menstrual cycle and some changes you might go through and how to deal with them. In my secondary school many girls started their periods without knowing what was happening to their bodies. I remember a girl saying she drank cranberry juice and it came out again later. Another girl started her class cycle finding a blood stain on her seat and uniform. I genuinely believe that my book could help girls learn about what is happening to their bodies and reassure them that it is all part of the natural process of becoming a woman. I dream of empowering girls so they do not have to be taken by surprise on their first day. In my family my mother, sister and grandmother talked to me to prepare me for my first day and I pray that my book will help you to understand more about your amazing female body.
