God's Plan is a work in progress nearing fulfillment. The Trees are symbolic of obstacles like gullibility, false teaching, false prophecy, false doctrine, apostasy, hate, lying, deceit, evil, love of money, blind speculation, and the like, all of which are growing rampant in the United States. The message reveals Spiritual Blindness as a curse that God has imposed upon His Church for their lack of true faith in Him, not unlike the Israelites as they turn away from the New Covenant Law, blindly accepting unsuspected guidance from Satan to employ worldly ways and promote apostasy. By misguided faith, some may be unprotected by the Armor of God, and their failing to cultivate the Fruit of the Spirit makes matters worse. The author is hopeful that his book will bring awareness of spiritual blindness to summon a repentant reaction for restoration of religious understanding and direction in line with God's real purpose.

My Best Selfie the V Factor Sherree Wilson, 2016-07. The V factor in My Best Selfie is a key in successful endurance in life. What does it take to get to your destiny, how do I get there with the odds I face today? The book My Best Selfie will inspire you as well as help you create a path to your success and do it with JOY. If there is no light in your eyes, no warmth in your heart, if there is nothing that makes you sing, you will continue to fade into the darkness that tries its best to suffocate you, never realizing the brilliance of your existence. Much Love, Sherree.

The Point Is Lee Eisenberg, 2025-05-01. In this engaging and provocative book, Lee Eisenberg, bestselling author of *The Number*, dares to tackle nothing less than what it takes to find enduring meaning and purpose in life. He explains how, from a young age, each of us is compelled to take memories of events and relationships and shape them into a one-of-a-kind personal narrative. In addition to sharing his own pivotal memories, some of them moving, some just a shade embarrassing, Eisenberg presents striking research culled from psychology and neuroscience and draws on insights from a pantheon of thinkers and great writers: Tolstoy, Freud, Joseph Campbell, Virginia Woolf, among others. We also hear from men and women of all ages who are wrestling with the demands of work and family, ever in search of fulfillment and satisfaction. It all adds up to a fascinating story, delightfully told, one that goes straight to the heart of how we explain ourselves to ourselves, in other words, who we are and why.
