*The Origin of the Bible: A Guide For the Perplexed* Lee Martin McDonald, 2011-02-17 Just how did the Jewish and Christian Bibles come together Why were some ancient texts excluded Or included and later rejected What were the criteria This volume deals with a significant issue in light of the many and significant discoveries of ancient sacred or religious texts that were not included in the Jewish or Christian Bibles Because of

the focus in the news media in recent years on those extra canonical books that have come to light in the last century and even more recently there is need for clarification of the processes involved in the formation of the Jewish and Christian Bibles Why were some books included and others excluded Why were some included initially and subsequently rejected Was there a church cover up as some in the media have suggested As a result of all of this and more considerable attention is now focused on the use and function of the so called non canonical religious texts that are not now a part of the Bibles of various religious communities Why did the Bible come together What criteria were used in making decisions about inclusion and exclusion The proposed volume addresses these questions and others that are critical to a careful understanding of the Jewish and Christian Bibles The methodology employed in the writing of this book is described below It is important to take this discussion outside of the scholars guild and into the hands of the laity especially those educated college graduates and undergraduates whose interest in this subject has grown over the past twenty or more years Currently there are no useful volumes on this subject that is geared to them Scholars continue to talk past them and all too often only to each other about these matters This volume is designed to fill this void and make the topic more clear for those without the technical academic skills to explore these matters in the ancient languages Continuum s Guides for the Perplexed are clear concise and accessible introductions to thinkers writers and subjects that students and readers can find especially challenging or indeed downright bewildering Concentrating specifically on what it is that makes the subject difficult to grasp these books explain and explore key themes and ideas guiding the reader towards a thorough understanding of demanding material **Saved** Fr. Mitch Pacwa, S.J.,2017-05-05 For God so loved the world that he gave his only Son John 3 16 What does it mean to be saved Can I know that I am saved As Christians and especially as Catholics we face these questions on a daily basis not only from the people we meet but also in our own hearts Scripture provides the answer for the Bible isn t simply a collection of disjointed tales it is the story of our salvation In this Bible study Fr Mitch Pacwa guides us through Catholic teaching on salvation as found in Scripture With his characteristic wisdom he tackles tough topics and questions including grace and free will repentance and faith the role of the sacraments and the necessity of good works Perfect for a parish small group study or for personal reflection each of the six sessions in **Saved A Bible Study Guide for Catholics** will help us begin to discover the infinite mystery of our salvation deepening our relationship with the God who saves us **Christian Scripture** David S. Dockery,2004-08-13 An overview of the current controversy over the nature of Scripture What a Christian believes about everything turns on what he believes about the Bible Interprets Jesus view of Scripture and Scripture s teaching about itself **The Bible as Christian Scripture** Christopher R. Seitz,Kent Harold Richards,2013-10-23 This memorial volume both displays and evaluates the canonical approach of Brevard S Childs whose attention to history through time animated his interest in the Bible s use in the church through the ages up to and including the present Just as Childs wrote on a wide range of topics canonical and theological both Testaments Isaiah and Exodus the Pauline letters the history of biblical

interpretation biblical theology and historical theological and methodological questions the contributors to this volume seasoned colleagues as well as younger scholars who studied with Childs offer an international collection of historical theological and New Testament essays as well as contributions focused on the Old Testament The contributors are Stephen B Chapman Brevard S Childs Don Collett Daniel R Driver Mark W Elliott Leonard G Finn Mark Gignilliat Bernd Janowski J rg Jeremias Leander E Keck Neil B MacDonald David L Petersen Murray A Rae C Kavin Rowe and Christopher R Seitz
