**The Federal Budget and Government Spending** Lisa Idzikowski, 2018-07-15 The federal budget affects all of us whether we know it or not. Monies spent by the government go into our education, our security, our military, and our bridges and roads. But who is accountable for the budget and what happens if we don't agree where the money is going? The expert viewpoints in this informative anthology examine where our tax dollars go, whether citizens have a say in spending, and what it means when the deficit just keeps growing.

**Government Spending** Fouad Sabry, 2024-01-15 What is Government Spending? Government spending or expenditure includes all government consumption, investment, and transfer payments. Government acquisition of goods and services intended to create future benefits, such as infrastructure investment or research spending, is classed as government investment. These two types of government spending, on final consumption and on gross capital formation, together constitute one of the major components of gross domestic product.
