

# Special Features

## Liquid Chlorine Bleach Dispenser

The dispenser automatically dilutes liquid chlorine bleach before it reaches your wash load. To use, follow these steps:

1. Measure liquid chlorine bleach carefully, following the instructions on the bottle.
2. Add the bleach to the dispenser before adding the load. Avoid splashing or over-filling the dispenser.

### NOTE:

- Never pour undiluted liquid chlorine bleach directly onto the load or into the wash tub. It is a powerful chemical and can cause fabric damage, such as tearing or color loss, if not used properly.
- If you prefer to use color-safe, non-chlorine bleach, pour it into the wash tub with your detergent. Do not pour non-chlorine, color-safe bleaches into the bleach dispenser.

*Pour liquid chlorine bleach into bleach dispenser.*

## Fabric Softener Dispenser

The dispenser automatically releases liquid fabric softener at the proper time during the cycle. To use, follow these steps:

1. Pour liquid fabric softener into the dispenser using the amount recommended on the package.
2. For proper dispensing of fabric softener in the washer, add warm water to the fabric softener in the dispenser until the level reaches the fill line. Wipe up spills.
  - Do not stop the washer during the first spin. This will cause the dispenser to empty too soon.
  - Never pour fabric softener directly on the load. It will leave spots and stains.
  - Use the dispenser for liquid fabric softeners only.

*Pour fabric softener into softener dispenser.*
