

PRAYER FOR GRADUATES

LET ME BE A BLESSING

Thank You, Lord, for Your guidance and grace through my years on campus. I'm thankful to You for taking care of me in school. I'm thankful that

I've been able to complete my course successfully. I'm thankful that today, I'm a graduate. Thank You so much, Lord. Thank You for Your protection for all my days on campus.

I pray for more protection as I approach the world as a graduate. Please teach me to number my days and protect me in all my ways. I pray that You please continue blessing me with good health both physically and mentally. Take away any ailments and weakness from me Lord. As I approach the world today, I pray for You to lead me on this journey. Lord, order my steps and make everything work out for my good. Let me be a blessing to everyone that I encounter. Let me be a blessing to the world in Jesus' name,

Amen

Who We Met on the Way to Stanford Richard P. Sinay, 2024-08-09 In the fall of 2000 my son began attending Stanford on a golf scholarship It was a long and challenging road to achieve this goal When he learned about the college he went around the house with his Stanford sweatshirt and seldom took it off After winning the San Diego Junior World Golf Championship he was an accomplished junior golfer Stanford s coach at the time was Wally Goodwin an

excellent cheerful fellow who was also Tiger Woods's coach Wally had seen the best golfers at Stanford so he was a coach who knew what he wanted in a player He started following my son after this victory at the San Diego tournament and around the time he received a letter asking Wally if he would come to watch him play golf Wally did he was there often to oversee this young man's development and golf As a father I took my son to many golf tournaments He was a joy to watch and did well as a junior golfer through high school He even had the accomplishment of replacing Tiger Woods's scoring record Tiger's best score for the high school championships in Southern California was 66 but my son managed to shoot a 65 in his junior year in high school against players from five hundred and eighty six schools and other high schools Many other delightful moments were watching my son play and good times I will not forget One day while reading through some of my writings I came across some notes my son had sent me about appealing the dismissal of his scholarship Reading the notes almost seventeen years later was a revelation to me I was unaware of the time frames at the time of the essence of this story so I investigated the information further What I discovered became the basis of this book There were weeks of struggling with the time frames and difficulties understanding what happened in the struggle at Stanford The book is my way of putting together what I discovered What I found to be mostly true but not having been there myself I may not even know half the story Nevertheless this is my memoir of what it was like raising a kid with extraordinary talent playing golf and what happened when he arrived at Stanford to fulfill his obligation for the scholarship he received

Visions of Schooling Rosemary C. Salomone, 2008-10-01 *DIV* At no time in the past century have there been fiercer battles over our public schools than there are now Parents and educational reformers are challenging not only the mission content and structure of mass compulsory schooling but also its underlying premise that the values promoted through public education are neutral and therefore acceptable to any reasonable person In this important book Rosemary Salomone sets aside the ideological and inflammatory rhetoric that surrounds today's debates over educational values and family choice She offers instead a fair minded examination of education for democratic citizenship in a society that values freedom of conscience and religious pluralism And she proposes a balanced course of action that redefines but does not sever the relationship between education and the state Salomone demonstrates how contemporary conflicts are the product of past educational and social movements She lays bare some of the myths that support the current government monopoly over education and reveals how it privileges those of economic means Through a detailed case study of recent controversy in a suburban New York school district the author explores the legal and policy issues that arise when widely disparate world views stand in the way of political compromise on educational materials techniques and programs Salomone builds a case for educational governance that places the developmental needs of the child at the center of family autonomy She advances a plan that respects diverse values and visions of schooling while preserving the core commitments that bind our nation *div*
