An Introduction to Rural Settlement Planning (Routledge Revivals) Paul Cloke,2013-10-18 This book first published in 1983 provided the first thorough and informative introduction to the theory practice and politics of rural settlement planning It surveys the conceptual and ideological leanings of those who have developed implemented and revised rural settlement practice and gives detailed analysis of planning documentation to assess the extent to which policies have been successfully implemented Paul Cloke assesses the shortfalls of rural planning and resource management and suggests methods by which a sustainable rural future might be attained This reissue provides essential background and a comprehensive handbook for those with an interest in rural settlement planning

Economics for Social Decisions E. J. Mishan,1975 *Development in Practice (Routledge Revivals)* Doug Porter,Bryant Allen,Gaye Thompson,2014-06-03 The Magarini Settlement Project in Kenya is typical of many large Third World rural development projects of recent years not least in its failure to fulfil even minimum goals First published in 1991 Development in Practice explores the reasons for this projects failure and looks at the lessons to be learned from this experience for development in general Challenging many assumptions and approaches its provocative conclusions will generate much interest amongst development practitioners

Economic Efficiency and Social Welfare (Routledge Revivals) E. Mishan,2013-05-13 First published in 1981 Professor Mishan s Economic Efficiency and Social Welfare Selected Essays on Fundamental Aspects of the Economic Theory of Social Welfare is a collection of 22 pioneering essays written while the author was teaching at the London School of Economics and chosen to indicate landmarks in the development of his own thought Professor Mishan who also enjoys an international reputation as a popular writer on the impact of modern economic growth on social welfare is among the foremost authorities in the field of resource allocation and his influence in his subject area has been profound Mishan s essays while generally accessible to the layman due to the author s lucidity his economy in the use of mathematical

notation and his concern with perspective are invaluable reading for the economics undergraduate The essays are particularly relevant to upper level students of project appraisal welfare economics and cost benefit analysis requiring a coherent survey of their field of study **Progress in Rural Geography (Routledge Revivals)** Michael

Pacione,2014-06-03 This wide ranging volume first published in 1983 reflects the increasing scope of the field of rural geography in the second half of the twentieth century Although traditional areas of study such as agriculture and the land use patterns of the countryside remained important scholars also began to consider rural transport employment housing and policy as well as to develop new theories and methodologies for application to study The chapters included here addressed the need for a review of the changes that had taken place within the field of rural geography and as such provide an essential background to students with an interest in rural demography planning and agriculture **Design Intervention**

(Routledge Revivals) Wolfgang F. E. Preiser, Jacqueline Vischer, Edward White,2015-05-15 Design Intervention Toward a More Humane Architecture first published in 1991 intends to demonstrate that interest in social issues is alive and well in architecture that there is a small but effective cadre of dedicated professionals who continue to commit themselves to solving social problems and that architecture is being applied to the alleviation of the social ills of our time The editors and contributors in this book have all grappled with their own definitions of design innovation and express in practical and useful ways their ideas for contributing to a better and less needy world through the architecture they describe This book will be of interest to students of architecture **Urban Systems (Routledge Revivals)** C S Bertuglia, G. Leonardi, S. Occelli, G. A.

Rabino, R. Tadei, Alan Wilson,2013-10-18 This edited collection first published in 1987 provides a comparative analysis of different approaches to urban modelling and lays the foundations for the possibility of integration and a more unified field The first part contextualises the development of the field of urban systems modelling focusing on the variety of approaches and possible implications of this on the future of research and methodology Next the editors consider economic and non economic approaches followed by an analysis of spatial interaction based approaches Providing an overview to the field and research literature the overarching argument is that there should be an integrated methodological approach to urban system modelling *Routledge Revivals: The Enemy Within (1986)* Raphael Samuel, Barbara Bloomfield, Guy Boanas,2016-10-04

First published in 1986 this book challenges the notion that the miners strike of 1984 was Scargill's Strike It shows some of the ways in which the strike though nominally directed from above was determined from below by multitudinous and often contradictory pressures the lodge the village and the home The focus is essentially logical and gives particular attention to family economy kin networks and intergenerational solidarity At the same time it is concerned with the mentality of the strike its ruling fears and passions The first hand testimonies that comprise the book attest to the attachment to traditional ways as well as the potency of the influences corroding them **Cost-benefit Analysis** Edward J. Mishan,1975 *Rural Resource*

Management (Routledge Revivals) Paul Cloke, Chris C. Park,2013-10-18 This book first published in 1985 provides an

overview of resource management together with a geographical treatment of physical landscape and social resources Drawing on British European and North American material the book has three main objectives to offer an integrated review of the rural resource system to isolate potential and actual conflicts between resources in the countryside with the aid of detailed case studies and to explore various broad management techniques and their applicability to differing types of resource use and resource conflict This title will provide important insight for students of geography resource management environmental planning and conservation
