

## Explore Student

## Answer Key

**Vocabulary:** Doppler shift, frequency, pitch, sonic boom, sound waves, wavelength

**Prior Knowledge Questions** (Do these BEFORE using the Gizmo.)

*[Note: The purpose of these questions is to activate prior knowledge and get students thinking. Students are not expected to know the answers to the Prior Knowledge Questions.]*

Have you ever heard a siren on a moving ambulance, fire truck, or police car? If so, what happens to the sound as the vehicle passes by?

*Answers will vary. [The pitch of the sound gets lower as the vehicle passes by.]*

The change in the sound that you hear is called the **Doppler shift**.

### Gizmo Warm-up

The *Doppler Shift* Gizmo™ illustrates why the Doppler shift occurs. The Gizmo shows a vehicle that emits **sound waves** and an observer who will hear the sounds.

1. Click the **PLAY SAMPLE** button (⏮) to check that the Gizmo's sound and your friend's speaker is working.

What do you hear?

*The pitch of the sound goes from high to low.*

2.

Click **Play** (▶) and observe the sound waves emitted from the moving car. Click **Pause** (⏮) and compare the sound waves in front of and behind the car. What do you notice?

*The sound waves are closer together in front of the car than behind the car.*

3. Use the **Ruler** to measure the **wavelength**, or the distance between the lines, of the waves in front of and behind the car. (Note: The red circles represent every thousandth wave.)

Wavelength in front of car: ~500 m

Wavelength behind car: ~900 m

*[Note: The above measurements assumes that the user has chosen the default settings for the Gizmo:  $f_{source} = 500$  Hz,  $v_{source} = 100$  m/s,  $v_{sound} = 340$  m/s.]*

4. Why do you think the waves in front of the car have a shorter wavelength than the waves behind the car?

*The car is moving toward the waves in front of it and away from the waves behind it. As a result, the distance between the waves is shorter in front of the car and longer behind the car.*

## **Language Disorders from Infancy Through Adolescence - E-Book** Rhea Paul, Courtenay Norbury, 2012-01-14

Language Disorders from Infancy Through Adolescence 4th Edition is the go to text for all the information you need to properly assess childhood language disorders and provide appropriate treatment. This core resource spans the entire developmental period through adolescence and uses a descriptive developmental approach to present basic concepts and vocabulary, an overview of key issues and controversies, the scope of communicative difficulties that make up child language disorders, and information on how language pathologists approach the assessment and intervention processes. This new edition also features significant updates in research trends, instruction, best practices, and social skills assessment. Comprehensive text covers the entire developmental period through adolescence. Clinical application focus featuring case studies, clinical vignettes, and suggested projects helps you apply concepts to professional practice. Straightforward conversational writing style makes this book easy to read and understand. More than 230 tables and boxes summarize important information such as dialogue examples, sample assessment plans, assessment and intervention principles, activities, and sample transcripts. UNIQUE Practice exercises with sample transcripts allow you to apply different methods of analysis. UNIQUE Helpful study guides at the end of each chapter help you review and apply what you have learned. Versatile text is perfect for a variety of language disorder courses and serves as a great reference tool for professional practitioners. Highly regarded lead author Rhea Paul lends her expertise in diagnosing and managing pediatric language disorders. Communication development milestones are printed on the inside front cover for quick access. Chapter objectives summarize what you can expect to learn in each chapter. Updated content features the latest research, theories, trends, and techniques in the field. Information on autism incorporated throughout the text. Best practices in preliteracy and literacy instruction. The role of the speech language pathologist on school literacy teams and in response to intervention. New reference sources. Student Professional Resources on Evolve include an image bank, video clips, and references linked to PubMed. [Bulletin of the Atomic Scientists](#), 1961-05. The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world. *Educational Film/video Locator of the Consortium of University Film Centers and R.R.
