Filing A Missing Persons Report With Local Police:

Missing Persons Derek Congram, 2016-08-01 The work of finding and identifying missing persons is complex and requires the expertise of many people such as historians hunting through archives biological anthropologists reconstructing skeletons and psychologists preparing investigators to interview families of the disappeared Uniting the voices of 22 experts from around the world Derek Congram's collection of original papers centres its attention on those who are engaged in the location identification and repatriation of missing persons The contributors to this timely volume represent multiple disciplines and various fields including academia government and civil service but are connected by a shared conviction that accounting for the missing is vital for a just society The chapters concentrate on victims of physical or structural violence including armed conflict repressive regimes criminal behaviour and racist and colonial policies towards Indigenous persons and minority populations Some contexts are familiar morgues mass graves and battlefields while others are surprising such as schoolyards and a museum in Canada Although the circumstances of the disappearances vary greatly **Missing Persons** illustrates the connections between these disparate contexts Multidisciplinary in scope this edited collection is a valuable comparative resource for students academics and practitioners in forensic anthropology anthropological archaeological ethics forensic psychology criminal justice and human rights Finding Runaways and Missing Adults Robert L.

Snow, 2012-03-29 Every year in the United States almost two million children run away from home In addition on the average the police in our country have at any one time over 100 000 active missing adult cases This book will show readers how with just a little advance preparation and insight they can greatly increase their chances of finding a missing loved one even after police have stopped actively looking With sensationalized child disappearances teenagers vanishing and adults faking their own deaths the challenge of finding missing persons often falls most directly on those who love them And though in past years this involved a considerable amount of footwork that is no longer the case With the advent of the Internet and the many new search engines available much of the searching and canvassing can now be done from computers Family members and friends looking for missing loved ones need to know what programs and databases to access though to get the search under way Snow reveals to readers the process the police use when trying to locate missing people of interest information that readers can then use to locate their own missing loved ones Using real stories and first hand accounts the author offers hope and guidance to those who may have given up the search for a child a spouse a parent or a friend Parental Kidnapping

My Body Is My Own Ty Ritter, 2006-06-01 Is it the end of the world It might as well be or it must seem like it if you are the mother and father of a missing or kidnapped child My Body Is My Own is the book for all parents devoted to keeping their children safer The author doesn t sugar coat nor is he interested in being politically correct He points out the good and the shortcomings of politicians and law enforcement agencies Most important this book takes parents step by step through everyday child safety and directs parents regarding what to do if their child is kidnapped missing or sexually abused

Beware of the Cable Guy Polimedia Publishing, 2012-04-20

The Fine Art of Executive Protection A. Hunsicker, 2007-12 The number of incidents and crimes carried out by terrorists and criminals such as physical threats violent attacks assassinations kidnapping and hostage situations are increasing by the minute worldwide Each incident is a constant and ever demanding challenge to the law enforcement and the personal security professionals in particular A detailed but understandable manual for the Executive Protection Officer is a priority and the answer to those challenging situations The Fine Art of Executive Protection is a detailed but understandable manual for the Executive Protection Officer providing answers to those challenging situations Information about every aspect of executive protection is not only an important part of the professional s training curriculum but plays also a vital role for the client who seeks protection This manual will provide a clear view of all aspects not only for the professional but also for prospect clients To make sure of this all available training and study material individual case studies and real scenarios combined with professional experience served as a foundation for this specialist s manual The Fine Art of Executive Protection in its comprehensive and straight forward form will guide the reader through the diversity of disciplines and skills which are essential for any professional of the executive protection and private security sector This

book provides detailed information and knowledge necessary and indispensable not only for the novice but also for the experienced executive protection professional. It provides the clear knowledge and a thorough understanding of the characteristics, diversity and demands of this profession. It contains all the essential ingredients necessary for an effective protection planning and successful service demanded by any executive protection specialist. Providing all the tools, techniques and applications needed for this specific job, it also shall motivate some talents which may need to be developed further and to face not only today's protection needs but also those of the future. The book not only contains detailed professional information for the person seeking a post in the glamorous world of the executive protection business but also provides all the information necessary for those under threat and in need of close protection and a secure environment. A protection seeking client will find detailed information about Executive Protection and Physical Security. Executive or Personal Protection was once considered a service only and exclusive for the rich, famous and a few selected government officials. But recent events and an increase in violence quickly transformed Executive Protection into a sought after service commodity worldwide. Keeping this in mind, any part of this guide is therefore easily adaptable and adjusted to any region or country in the world. However, one must carefully consider and act within the local laws to assure a successful protection service.

Guia Bilingue Legal Para Todos/ Bilingual Legal Guide for All Yolanda J. Izurieta, 2014-03-04. Superior education can only be obtained by acquiring information. Laws are fundamental parts of our lives. Knowing them should be a requisite of basic knowledge and indispensable for each individual who lives in the United States. The primary objective of this book is to make a bilingual legal book available to all who enjoy learning and need information about the legal world: judges, lawyers, legal secretaries, law students, paralegals, students in the political sciences, employees of the court and any individual who is interested in understanding the rights and laws of a citizen of the United States. As you know, the vocabulary used in law books, whether it is written in Spanish or English, is very technical and therefore difficult to understand. Learning law terminology can be compared to learning a foreign language. As a knowledgeable professional, I encountered these problems when I was reading various law books and it is one of the reasons that I was motivated to write this book. When I worked at the Norwalk Superior Court in Norwalk, California, under the supervision of Mr. Edward Hinz, I was privileged to become acquainted with the various judges, district attorneys, paralegals, clerks, legal secretaries and officers. Although I realized that most were well acquainted with English legal terminology, I also observed that many people who came to court to represent themselves in propria persona didn't know or understand the correct legal terminology to be able to present their simple cases nor could they understand how to fill out the technical forms required. I am confident that this book will be a useful resource and that it can be easily used by all who want to become familiar with legal terms in English and Spanish. This book covers nine areas of law: alternative dispute resolutions, bankruptcy, business law, criminal law, family law, juvenile procedures, probate, real estate law, landlord and tenant and wills and trusts. The terms are presented in English and Spanish. It is

organized in such a manner that every term can be easily translated and understood Each division contains the terms that are necessary for each area of law Obviously individuals who are already bilingual will have an advantage Nevertheless those who are not bilingual but who are interested in learning legal terms in Spanish or English for one reason or another will benefit from this book as well Recovery, Analysis, and Identification of Commingled Human Remains Bradley J.

Adams, John E. Byrd, 2008-02-23 Mass fatality events can result in the intermixing or commingling of human remains Commingling of human remains presents an added challenge to all phases of the forensic process As the number of individuals increases so does the complexity of the forensic investigation and the skills needed for case resolution In Recovery Analysis and Identification of Commingled Human Remains top professionals illustrate successful techniques for sorting and determining the number of individuals the role of DNA ethical considerations and data management Instrumental to the forensic community Recovery Analysis and Identification of Commingled Human Remains provides case examples and an in depth review of experiences methods and research related to commingling **In Search of the Alzheimer's**

Wanderer Mark L. Warner, 2005-10 Every year there are more than 125 000 reports of people with Alzheimer s disease who wander away from their home or care facility and are unable to find their way back Statistics indicate that of these loved ones who are not found within 24 hours approximately half do not survive Mark Warner has devised this workbook as an aid to gathering the information necessary to avert a personal disaster The book sturdily bound and easy to use is complete with the forms that need to be filled out and the pertinent questions that need to be asked to enhance the search for and discovery of a loved one in the event he she wanders away With In Search of the Alzheimer s Wanderer readers will have all the information they need in one place to provide immediately to those who will be looking for their loved one including the local law enforcement authorities **Be Happy No More** Walter M.
