'Hell': A Hard Look at a Hard Question David J. Powys,2007-01-01 I welcome this rigorous examination of some of the many questions which are raised by the doctrine of hell At a time when it is rare to hear even heaven spoken about in our

churches it is encouraging that this sober theme is once more in our sights It was plainly often on the lips of Jesus Nigel M de S Cameron Trinity International University Dr Powys has pursued a rigorous examination of the Scriptures He rivets our attention on what the New Testament actually says about the fate of the unrighteous This is a seminal work David Claydon Federal Secretary CMS Australia The author writing from a position of biblical conservatism has presented a powerful convincing and scholarly case for the view that the unrighteous will forfeit resurrection life in the Kingdom of God It is in my judgment the most thorough treatment of the issue in recent years John W Pryor Macquarie University This book is an impressive thorough discussion of a thorny question Dr Powys is at home in many branches of biblical studies He examines the biblical evidence carefully and sets his case out lucidly and with real insight showing convincingly how ill founded are many ancient and many recent views on the fate of the unrighteous His own solution of a set of complex exegetical and theological issues is judicious and clearly the end result of careful thought from the Foreword by Graham Stanton University of Cambridge David Powys has made a significant contribution to an increasingly important debate His book s real strength lies in its very careful study of New Testament teaching in the light of a comprehensive analysis of the Old Testament and Jewish literature This literature is rightly seen not merely as background but as the key to a right understanding of the New Testament teaching I wish that such a clear discussion had been available when I first began engaging with these questions Stephen Travis St John s College Nottingham David Powys was educated at The University of Melbourne He gained degrees in arts and social work studied theology at Ridley College and was ordained in 1981 Dr Powys has ministered in four Melbourne parishes He is an Examining Chaplain to the Archbishop of Melbourne and a member of Archbishop in Council and National Synod He was awarded the Doctor of Theology by the Australian College of Theology in 1994 for his *The Hermeneutics of Hell* The present volume is a slightly abbreviated version of that dissertation *Masters of Battle* Terry Brighton,2009-03-05 In the Second World War Great Britain the United States and Germany each produced one land force commander who stood out from the rest Bernard Montgomery George Patton and Erwin Rommel These three armour plated egos were the greatest generals of the war and theirs was a very personal contest the clash of mighty armies perceived as a bout between three men All three were arrogant and flawed yet with a genius for the command of men and an unrivalled enthusiasm for combat All had spectacular success on the battlefield But their explosive relationships with each other and with their political masters rivalled the pyrotechnics of their tank battles in determining the conduct and outcome of the war *Masters of Battle* presents the Second World War as it was experienced by its three most flamboyant controversial and influential commanders **The Select Library** ,1838 *The Athenaeum* ,1862 *Boys' Life* ,1950-01 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting *The Spectator* ,1869 A weekly review of politics literature theology and art **Patton, Montgomery, Rommel** Terry Brighton,2009-11-03 In Patton Montgomery Rommel one of Britain s most

accomplished military scholars presents an unprecedented study of the land war in the North African and European theaters as well as their chief commanders three men who also happened to be the most compelling dramatis personae of World War II Beyond spellbinding depictions of pivotal confrontations at El Alamein Monte Cassino and the Ardennes forest author scholar Terry Brighton illuminates the personal motivations and historical events that propelled the three men s careers how Patton s Montgomery s and Rommel s Great War experiences helped to mold their style of command and how exactly they managed to apply their arguably megalomaniacal personalities and hitherto unrecognized political acumen and tact to advance their careers and strategic vision Opening new avenues of inquiry into the lives and careers of three men widely profiled by scholars and popular historians alike Brighton definitively answers numerous lingering and controversial questions Was Patton really as vainglorious in real life as he was portrayed to be on the silver screen and how did his tireless advocacy of mechanized cavalry forever change the face of war Was Monty s dogged publicity seeking driven by his own need for recognition or by his desire to claim for Britain a leadership role in postwar global order and how did this prickly commoner manage to earn affection and esteem from enlisted men and nobility alike How might the war have ended if Rommel had had more tanks and what fundamental philosophical difference between him and Hitler made such an outcome virtually impossible Abetted by new primary source material and animated by Terry Brighton s incomparable storytelling gifts Patton Montgomery Rommel offers critical new interpretations of the Second World War as it was experienced by its three most flamboyant controversial and influential commanders and augments our understanding of each of their perceptions of war and leadership
