**My Senior Year** Michael Fitzgibbons, 2000-12-20 Hey I'm John Sullivan a recent high school graduate who collected his thoughts and dreams and hopes and fears and all kinds of other stuff in a year long diary through his senior year When I finished on graduation day I realized I had quite a collection as a matter of fact I had more than 400 pages So I thought about it and realized that it had a beginning a middle and an end so therefore it told a complete story which I think might be a book if I remember my sophomore literature class correctly I am NOT saying it is literature ha ha but I do think it is a book That is where you come in I don't think it is much of a book if I'm the only one who reads it It is just a diary then that will remain on the floppy disk in my computer desk in my bedroom Instead you could read it And tell me what you think And then I will know if I should have left it in that computer desk Or not If you do read it you'll find that I didn't leave anything out even the stuff that might embarrass me I could even still get into some trouble about some of it but I think I'm ok because I don't think my parents will want to read it because they were there for almost all of it so it would be a rerun for them I don't think reruns are bad but they already lived through this once so they probably don't want to get all upset all over again So go ahead and click away It was an adventure for me come on along for the ride John Sullivan is right This is quite an undertaking for a senior in high school But that is what it is a diary a coming of age novel a satire and incredibly a love story It is a unique look at one of the most important developmental periods in a person's life
