Gods Own Junkyard The Planned Deterioration Of Americas Landscape:

God's Own Junkyard Peter Blake,1979 *Designing America's Waste Landscapes* Mira Engler,2004-05-31 Publisher Description *The Bulldozer in the Countryside* Adam Rome,2001-04-23 The concern today about suburban sprawl is not new In the decades after World War II the spread of tract house construction changed the nature of millions of acres of land and a variety of Americans began to protest against the environmental costs of suburban development By the mid 1960s indeed many of the critics were attempting to institutionalize an urban land ethic *The Bulldozer in the Countryside* was the first scholarly work to analyze the successes and failures of the varied efforts to address the environmental consequences of suburban growth from 1945 to 1970 For scholars and students of American history the book offers a compelling insight into two of the great stories of modern times the mass migration to the suburbs and the rise of the environmental movement The book also offers a valuable historical perspective for participants in contemporary debates about the alternatives to sprawl

Victor Papanek Alison J. Clarke,2021-03-23 The history and controversial roots of the social design movement explored through the life and work of its leading pioneer Victor Papanek In *Victor Papanek Designer for the Real World* Alison Clarke explores the social design movement through the life of its leading pioneer the Austrian American designer theorist and activist Victor Papanek Papanek s 1971 best seller *Design for the Real World Human Ecology and Social Change* has been translated into twenty two languages and never fallen out of print Its politics of social design anti corporatism and environmental sustainability have found renewed pertinence in the twenty first century and dominate the agendas of design schools today Drawing extensively on previously unexplored archival sources Clarke uncovers and contextualizes the movement s controversial origins and contradictions *The Making of the American Creative Class* Shannan Clark,2021 The *Making of the American Creative Class* narrates the history of workers in New York s publishing advertising design and broadcasting industries and their efforts to improve their working conditions set against the backdrop of the economic dislocations of twentieth century capitalism **Intown Living** Ann Breen,Dick Rigby,2005-02-28 After decades of abandonment cities across North America are experiencing a renaissance A new generation is seeking greater excitement and diversity than the typical suburban subdivision offers and many people are instead looking to make their homes in lively urban environments In *Intown Living* authors Ann Breen and Dick Rigby document this movement arguing that if properly nurtured it could help slow current patterns of sprawling development and help revitalize America s cities They illustrate the many benefits of city living and offer strategies and encouragement for public officials and private developers to team up and expand central city housing opportunities The authors present in depth studies of eight cities Atlanta Dallas Houston Memphis Minneapolis New Orleans Portland Oregon and Vancouver British Columbia that are experiencing this type of renaissance and consider common elements shared by the cities as well as their differences *Intown Living* is an important new resource for a wide audience of professionals involved with urban design and planning It will also be of interest to the

many people concerned with historic preservation or smart growth and for students and researchers involved with urban studies and related fields

Suburban Alchemy Nicholas Dagen Bloom, 2001 In *Suburban Alchemy* 1960s New Towns and the Transformation of the American Dream Nicholas Dagen Bloom examines the new town movement of the 1960s which sought to transform the physical and social environments of American suburbs by showing that idealism could be profitable Bloom offers case studies of three of the movement's more famous examples Reston Virginia Columbia Maryland and Irvine California to flesh out his historical account In each case innovative planners mixed land uses and housing types refined architectural graphic and landscape design offered well defined village and town centers and pioneered institutional planning As Bloom demonstrates these efforts did not uniformly succeed and attempts to reshape community life through design notably faltered However despite frequent disappointments and compromises the residents have kept the new town ideals alive for over four decades and produced a vital form of suburban community that is far more complicated and interesting than the early vision promoted by the town planners Lively chapters illustrate efforts in local politics civic spirit social and racial integration feminist innovations and cultural sponsorship *Suburban Alchemy* should be of interest to scholars of U S urban history planning history and community development as well as the general reader interested in the development of alternative communities in the United States

Big Duck and Eastern Long Island's Duck Farming Industry. The Dr. Susan Van Scoy, 2019 The Big Duck and Eastern Long Island's Duck Farming Industry traces the fascinating and largely unknown history of the Long Island Duck a fixture on the menus of fine dining establishments around the world The first duck farm Atlantic Duck Farm opened on Long Island in Speonk in 1858 however raising ducks did not take hold until the Pekin duck breed arrived from China in 1873 Due to Long Island's waterfront properties temperate climate and sandy soil along with modernization of the farming industry duck production grew rapidly increasing from approximately 200 000 ducks per year in 1897 to two million ducks in 1922 By 1940 nearly 100 duck farms were concentrated mainly between Eastport and Riverhead Today due to environmental regulations and soaring costs only one Long Island duck farm survives Corwin's Crescent Duck Farm in Aquebogue However many influences of the Long Island duck industry remain such as the Big Duck a duck shaped building conceived by Martin Maurer in 1931 that was used to sell poultry and duck eggs inspiring the famous term duck architecture

Literature of Suburban Change Martin Dines, 2020-03-02 Explores how American writers articulate the complexity of twentieth century suburbia Examines the ways American writers from the 1960s to the present including John Updike Richard Ford Gloria Naylor Jeffrey Eugenides D J Waldie Alison Bechdel Chris Ware Jhumpa Lahiri Junot Diaz and John Barth have sought to articulate the complexity of the US suburbs Analyses the

relationships between literary form and the spatial and temporal dimensions of the environment Scrutinises increasingly prominent literary and cultural forms including novel sequences memoir drama graphic novels and short story cycles Combines insights drawn from recent historiography of the US suburbs and cultural geography with analyses of over twenty five texts to provide a fresh outlook on the literary history of American suburbia The Literature of Suburban Change examines the diverse body of cultural material produced since 1960 responding to the defining habitat of twentieth century USA the suburbs Martin Dines analyses how writers have innovated across a range of forms and genres including novel sequences memoirs plays comics and short story cycles in order to make sense of the complexity of suburbia Drawing on insights from recent historiography and cultural geography Dines offers a new perspective on the literary history of the US suburbs He argues that by giving time back to these apparently timeless places writers help reactivate the suburbs presenting them not as fixed finished and familiar but rather as living multifaceted environments that are still in production and under exploration

Anatomy of a Park Donald Molnar, 2015-01-09 The Fourth Edition of Anatomy of a Park features an expanded view of the practice the business and the administration of park design with information gathered from interviews with professionals from both the United States and abroad Highlights include Three dimensional site plans and topographic maps with helpful hints for interpretation of the planning and construction documents shared by designers and clients Expanded coverage of the broad issues of ecology oriented green design and the philosophy of sustainable practice The economics of park design getting more park for your money and getting more money for your park A richly illustrated discussion on the right and wrong ways to design seating arrangements The latest developments in the linkage of pervious pavement with storm water management along with issues of survival for plants in dense urban environments Comprehensive guidelines for the client seeking a consulting designer and the designer seeking a client from the earliest initiation to the finished product Increased examples and discussion of the relationships and purposes of the elements of park design as well as experts opinions of what makes a good park versus a great park Essential coverage of ways to maximize a park budget including the grant application process sponsorship partnerships and volunteerism

How States Shaped Postwar America Nicholas Dagen Bloom, 2019-04-15 The history of public policy in postwar America tends to fixate on developments at the national level overlooking the crucial work done by individual states in the 1960s and 70s In this book Nicholas Dagen Bloom demonstrates the significant and enduring impact of activist states in five areas urban planning and redevelopment mass transit and highways higher education subsidized housing and the environment Bloom centers his story on the example set by New York governor Nelson Rockefeller whose aggressive initiatives on the pressing issues in that period inspired others and led to the establishment of long lived state polices in an age of decreasing federal power Metropolitan areas for both better and worse changed and operated differently because of sustained state action How States Shaped Postwar America uncovers the scope of this largely untold story

Site Matters Carol Burns, Andrea

Kahn,2005-07-08 One of the trends in twentieth century architecture and planning has been to denigrate and ignore the site or larger context both physical and social surrounding a building or set of buildings Focussing on Le Corbusier s designs Site Matters presents that first considered theory and vocabulary for the inevitable reaction against Modernism in planning beginning in the 1960s and swelling through the 1980s as architects and planners alike developed a new appreciation of site reincorporating the wider context into their plans Theoretical essays and empirically grounded pieces combine to provide the language and theory of this re emergence of site looking at Le Corbusier s designs contemporary suburbs and the planning agendas involved at the World Trade Center site Groundbreaking and innovative Site Matters provides valuable theory and vocabulary for planners and architects America Builds Leland M. Roth,2019-03-01 Architecture requires a broad definition It involves more than simply questions of style esoteric theory or technical progress it is the physical record of a culture s relationship to its technology and the land and most important of the system of values concerning men s relationships with one another Hence this volume like my Concise Hist Housing and Planning References ,1964 **The Political Culture of Planning** J Barry Cullingworth,J. Barry Cullingworth,2002-09-26 First published in 1993 Routledge is an imprint of Taylor Francis an informa company *Without and Within* Mark Pimlott,2007 **American Autopia** Gabrielle Esperdy,2019-10-28 Early to mid twentieth century America was the heyday of a car culture that has been called an automobile utopia In American Autopia Gabrielle Esperdy examines how the automobile influenced architectural and urban discourse in the United States from the earliest days of the auto industry to the aftermath of the 1970s oil crisis Paying particular attention to developments after World War II Esperdy creates a narrative that extends from U S Routes 1 and 66 to the Las Vegas Strip to California freeways with stops at gas stations diners main drags shopping centers and parking lots along the way While it addresses the development of auto oriented landscapes and infrastructures American Autopia is not a conventional history offering instead an exploration of the wide ranging evolution of car centric territories and drive in typologies looking at how they were scrutinized by diverse cultural observers in the middle of the twentieth century Drawing on work published in the popular and professional press and generously illustrated with evocative images the book shows how figures as diverse as designer Victor Gruen geographer Jean Gottmann theorist Denise Scott Brown critic J B Jackson and historian Reyner Banham constructed autopia as a place and an idea The result is an intellectual history and interpretive roadmap to the United States of the Automobile *Redesigning The American Dream Revised And Updated* Dolores Hayden,2002-09-03 In a provocative critique of American housing patterns that perpetuate Victorian stereotypes of the home as woman s place and the city as man s world urban historian and architect Dolores Hayden tallies the personal and social costs that an architecture of gender creates for the two earner family the single parent family and single people She traces three models of home in historical perspective to document innovative alternatives for reconstructing neighborhoods **Grand Urban Rules** Alex Lehnerer,2009 Grand Urban Rules offers a compilation and discussion of significant rules
