First Strike Matthew J. Flynn, 2008-07-09 Preemptive warfare is the practice of attempting to avoid an enemy's seemingly imminent attack by taking military action against them first It is undertaken in self defense Preemptive war is often confused with preventive war which is an attack launched to defeat a potential opponent and is an act of aggression Preemptive war is thought to be justified and honorable while preventive war violates international law In the real world the distinction between the two is highly contested In *First Strike* Matthew J Flynn examines case studies of preemptive war throughout history from Napoleonic France to the American Civil War and from Hitler's Germany to the recent U S invasion of Iraq Flynn takes an analytical look at the international use of military and political preemption throughout the last two hundred years of western history to show how George W Bush's recent use of this dubiously honorable way of making war is really just the

latest of a long line of previously failed attempts Balanced and historically grounded First Strike provides a comprehensive history of one of the most controversial military strategies in the history of international foreign policy *Japan's Holocaust* Bryan Mark Rigg, 2024-03-19 Japan's Holocaust is a comprehensive exploration of Japan's mass murder and sexual crimes during the Pacific and Asian Wars from 1927 to 1945 Japan's Holocaust combines research conducted in over eighteen research facilities in five nations to explore Imperial Japan's atrocities from 1927 to 1945 during its military expansions and reckless campaigns throughout Asia and the Pacific This book brings together the most recent scholarship and new primary research to ascertain that Japan claimed a minimum of thirty million lives slaughtering far more than Hitler's Nazi Germany Japan's Holocaust shows that Emperor Hirohito not only knew about the atrocities his legions committed but actually ordered them He did nothing to stop them when they exceeded even the most depraved person's imagination as illustrated during the Rape of Nanking as well as many other events Japan's Holocaust will document in painful detail that the Rape of Nanking was not an isolated event during the Asian War but rather representative of how Japan behaved for all its campaigns throughout Asia and the Pacific from 1927 to 1945 Mass murder rape and economic exploitation was Japan's modus operandi during this time period and whereas Hitler's SS Death's Head outfits attempted to hide their atrocities Hirohito's legions committed their atrocities out in the open with fanfare and enthusiasm Moreover whereas Germany has done much since World War II to atone for its crimes and to document them Japan has been absolutely disgraceful with its reparations for its crimes and in its efforts to educate its population about its wartime past Shockingly Japan continues in general to glorify its criminals and its wartime past *Distant Battlefields* Harry Fecitt, 2019-10-01 World War II was a traumatising experience for those nations that were caught up in it Nowhere was this more apparent than in Undivided India where over two and a half million Indians volunteered to serve in the armed forces and to fight against the evils of the fascist Axis Powers Those Indians who served and fought had their own motives but a predominant one was pride and satisfaction in doing a soldier's job and earning a soldier's pay Service in the Indian Army was respected particularly in rural communities and money sent home by a soldier could over time transform his family's social status As it had done towards the end of World War I the Indian Army in World War II opened its arms wide and recruited from many varied castes and backgrounds and few were found wanting The demands made on India to provide servicemen and women were massive Indian Army formations contributed significantly to the defeat of Italian forces in East and North Africa and then to the much more difficult confrontations with German troops Dark days followed when Japan invaded Hong Kong Borneo Malaya and Burma Indian troops predominated in the defence of those regions and many were killed in action or ordered into captivity by their commanders After realistic reassessments of the threats faced in Asia had been made and the new training and motivation required had been delivered the Indian Army emerged again in 1944 and 1945 as the most proficient and economical Allied force in Asia Meanwhile Indian troops not forgetting the large number of Nepalese serving in the Indian Army fought Vichy

French forces in Syria nationalists in Persia and Iraq and above all else Germans in North Africa and Europe and they won their battles This book will show you how the Indian Army was tested during World War II and how it prevailed using courage professionalism honour and dignity Malaya and Singapore 1941-42 Mark Stille,2016-10-20 For the British Empire it was a military disaster but for Imperial Japan the conquest of Malaya was one of the pivotal campaigns of World War II Giving birth to the myth of the Imperial Japanese Army s invincibility the victory left both Burma and India open to invasion Although heavily outnumbered the Japanese Army fought fiercely to overcome the inept and shambolic defence offered by the British and Commonwealth forces Detailed analysis of the conflict combined with a heavy focus on the significance of the aerial campaign help tell the fascinating story of the Japanese victory from the initial landings in Thailand and Malaya through to the destruction of the Royal Navy s Force Z and the final fall of Singapore itself *Aircraft Carrier Impero* Davide F. Jabes,Stefano Sappino,2018-06-30 From 1941 Italy had been developing a top secret project to install guided rocket weapons aboard aircraft carriers Campini Caproni s revolutionary guided rocket weapon the DAAC which would later become Hitler s Henschel HS 117 Schmetterling Butterfly was the selected projectile Classified intelligence on the V 1 flying bomb and other aircraft projects were acquired and then discarded when Ansaldo s naval architect Lino Campagnoli 1911 1975 issued plans for the Impero battleship to be transformed into a modern fleet carrier Previously unpublished documentation reveals how the last of the four state of the art Littorio class battleships which was in advanced completion hull components and engines installed was destined for conversion into a modern aircraft carrier This is an exhaustive historical review of the Impero and Regia Marina s Royal Navy developments as well as the dramatic story of the lack of co operation and strategic insight with Regia Aeronautica before and during the war 1922 1943 Also a final evaluation of the revolutionary Pugliese anti torpedo system based on unpublished German and Russian documentation is assessed

Darwin 1942 Bob Alford,2017-02-23 Following the devastating raids on Pearl Harbor on 7 December 1941 lightning advances by Japanese forces throughout the Pacific and the Far East and a desperate battle by the Allied command in the Dutch East Indies it became evident that an attack on Australia was more a matter of when and not if On 19 February just eleven weeks after the attacks on Pearl Harbor and two weeks after the fall of Singapore the same Japanese battle group that had attacked Hawaii was ordered to attack the ill prepared and under defended Australian port of Darwin Publishing 75 years after this little known yet devastating attack this fully illustrated study details what happened on that dramatic day in 1942 with the help of contemporary photographs maps and profiles of the commanders and machines involved in the assault

Bailey, 2024-02-01 Brought to life by the personal accounts of six Navy pilots and one British POW this is the history of the U S Navy airstrikes on Japanese held Hong Kong Commander John Lamade started the war in 1941 a nervous pilot of an antiquated biplane Just over three years later he was in the cockpit of a cutting edge Hellcat about to lead a strike force of 80 aircraft through the turbulent skies above the South China Sea His target Hong Kong As a storm of anti-aircraft fire darkened the sky watching from below was POW Ray Jones For three long years he and his fellow prisoners had endured near starvation conditions in a Japanese internment camp Did these American aircraft he wondered herald freedom Trawling through historic records Steven K Bailey discovered that the story of the U S Navy airstrikes on Japanese held Hong Kong during the final year of World War II had never been told Operation Gratitude involved nearly 100 U S Navy warships and close to a thousand planes Target Hong Kong brings this massive operation down

to a human scale by recounting the air raids through the experiences of seven men whose lives intersected at Hong Kong in January 1945 Commander John D Lamade five of his fellow U S Navy pilots and the POW Ray Jones Drawing upon oral histories diary transcripts and U S Navy documents this book expertly narrates the intertwined experiences of these servicemen to bring the history to life *Canada's Road to the Pacific War* Timothy Wilford,2011-09-12 In December 1941 Japan attacked multiple targets in the Far East and the Pacific including Canadian battalions stationed in Hong Kong The disaster suggested that the Allies were totally unprepared for war This book dispels that assumption by offering the first in depth account of Canadian intelligence gathering and strategic planning on the eve of the Pacific War Canadians worked closely with their US and Allied counterparts to develop a picture of Japan s intentions and a strategic plan to meet challenges in the Pacific Although Canada wanted to avoid conflict with Japan until US participation was assured policy makers anticipated action in the Pacific and made preparations for defence which included the internment of Japanese Canadians By highlighting Canada s role as a Pacific power Timothy Wilford sheds new light on events that led to the crisis in the Far East as well as to the creation of the Grand Alliance *The Occupation of Hong Kong 1941-45* Philip Cracknell,2022-09-15 Four years of fear escapes resistance internment occupation and finally liberation Philip Cracknell brings his unrivalled knowledge of Hong Kong during this time **Imperial Japan's World War Two** Werner Gruhl,2017-07-12 Gruhl s narrative makes clear why Japan s World War II aggression still touches deep emotions with East Asians and Western ex prisoners of war and why there is justifiable sensitivity to the way modern Japan has dealt with this legacy Knowledge of the enormity of Japan s total war is also necessary to assess the United States and her allies policies toward Japan and their reactions to its actions extending from Manchuria in 1931 to Hiroshima in 1945 Gruhl takes the view that World War II started in 1931 when Japan crowded and poor in raw materials but with a sense of military invincibility saw empire as her salvation and invaded China Japan s imperial regime had volatile ambitions but limited resources thus encouraging them to unleash a particularly brutal offensive against the peoples of Asia and surrounding ocean islands Their 1931 to 1945 invasions and policies further added to Asia s pre war woes particularly in China by badly disrupting marginal economies leading to famines and epidemics Altogether the victims of Japan s World War Two aggression took many forms and were massive in number Gruhl offers a survey and synthesis of the historical literature and documentation statistical data as well as personal interviews and first hand accounts to provide a comprehensive overview analysis The sequence of diplomatic and military events leading to Pearl Harbor as well as those leading to the U S decision to drop the atom bomb are explored here as well as Japan s war crimes and postwar revisionist apologist views regarding them This book will be of intense interest to Asian specialists and those concerned with human rights issues in a historical context **United States at War** ,1944 **Flamethrower** Bryan Mark Rigg,2020-03-20 Late in the Pacific War as Americans were fighting their way to the home islands of the Japanese Empire one of the fiercest battles of World War II was raging The Japanese had created

perhaps the best defended area anywhere on an island called Iwo Jima. Days into the bloody battle, casualties were high on both sides. United States Marines were taking an awful pounding out in the open from enemy fortified positions. Imperial Japanese soldiers in pillboxes and bunkers knew that the greatest danger they faced was from a flamethrower if it could get near enough to hit them. Imagine a little guy strapping on a highly flammable 70 pound weapon, instantly drawing heavy enemy fire as he maneuvered close enough with a small team of Leathernecks to destroy a pillbox. Woody Williams did just that on the hellishly hot and sulfurous volcanic island of Iwo Jima, destroying Japanese emplacements against dire odds. He along with numerous comrades did it again and again, taking out hundreds of fortifications which had stalled their regiment's advance to secure the island's airfields. The capture of Iwo Jima helped the powerful new B-29s have P-51 fighter plane escorts to help the bombers pound Japan into submission. Iwo actually was a backup landing zone for the Enola Gay if she had difficulties delivering her atomic bomb on 6 August 1945 at Hiroshima, a bomb American leaders hoped would bring Hirohito to his knees, begging for surrender terms so World War II would stop.

Accomplished military historian Bryan Mark Rigg reconstructs Woody Williams's remarkable story from his youth on a dairy farm in West Virginia to his experiences as a Marine on Guadalcanal, on Guam, and on Iwo Jima. Rigg tells Williams's story vividly and objectively and places it in the context of the broader Pacific theater of World War II. Using never before seen documents and interviews, Rigg brings out new information about the Pacific War unknown until now. As he explores Woody's life, Rigg enables the reader to better appreciate the brave Marines and their heroics. Moreover, Rigg explores the numerous problems with Woody and his narrative. As a result, this book also documents Woody's controversial Medal of Honor process, one of the most controversial Medal of Honor stories to come out of World War II.

Imperial Japanese Navy Aces 1937-45 Henry Sakaida, 2012-10-20

The outcome of the Pacific War was heavily influenced by the results of naval battles between the Imperial Japanese fleet and the US Navy. One of the key elements was Japan's large fighter component, which had gained experience over Manchuria, China, and Mongolia in the late 1930s. Flying A5Ms, at least 21 pilots achieved aceship, securing air superiority for the invaders. Manufacturer Mitsubishi derived much from these campaigns, producing one of the best fighters of the war, the A6M Zero. Navy pilots proved to be highly skilled when engaged by the Allied forces. This volume tells the story of pilots like Nishizawa Sagita and Sakai, scoring more than 60 kills apiece.

China, Hong Kong, Taiwan, Inc. Willem Van Kemenade, 2010-12-01 On the eve of June 30 Hong Kong was officially passed back to China This event will mark what Willem van Kemenade sees as the start of an increasingly problematic and even dangerous reintegration of the old Chinese empire into a new world superpower Since the early 1980s investment money has been pouring into China from Hong Kong and trade has escalated at a rocket's pace A few years later the same pattern began between China and Taiwan The combination of Hong Kong Taiwan management financial and export know how with China's inexhaustible pool of cheap labor and land has enabled China in one decade to leap from an impoverished revolutionary state to a major international trading power This economic boom in conjunction with the violation of intellectual property rights systematic tax fraud and the corruption of the police force has helped shape the socialist market economy China's third way and a new mix of old fashioned Soviet Communism and East Asian capitalism The formal addition of Hong Kong will add to this mixture the democratic structures set in place by the British And as China moves to reclaim Taiwan the process has already begun it will be incorporating a rival Chinese sub nation with a fully election based political system and a powerful independence movement Can such a reunified China resist the spiritual pollution of democratic values human rights and political freedom Will it become the first depoliticized corporatist superpower What are the prospects that reunification will be peaceful Van Kemenade's portrait of the true internal power structures of the three Chinas provides our clearest look yet at the fastest rising new empire in the world today
