relations have been deteriorating since then This deterioration poses a threat to the functioning of the Russian state and is a major obstacle to its future development Analysing ethnic relations in the North Caucasus this book demonstrates how a myriad of processes that characterised post Soviet transition including demographic change economic upheaval geopolitical instability and political re structuring have affected daily life for citizens It raises important questions about ethnicity identity nationalism sovereignty and territoriality in the post Soviet space **Bihar and Mithila** J. Albert Rorabacher,2016-09-13

The world has become obsessed with the Western notions of progress development and globalization the latter a form of human and economic homogenization These processes through the aegis of the United Nations are comparatively monitored Those nations deemed to be lagging behind are then provided with foreign aid and developmental assistance For nearly seventy years India has sought its place in this global endeavour yet even today abject poverty and backwardness can be observed in districts in almost every state with the highest concentration of such districts found in the state of Bihar and a cultural enclave known as Mithila Development in India has been elusive because it is difficult to define and because the Western concepts of development and progress have no absolute equivalents within many non Western settings As a consequence development programmes often fail because they are unable to ask the right questions but equally important is the political economy derived from foreign aid For politicians there is no long term benefit to be derived from successful development In general foreign aid only serves to corrupt governments and politicians and in the end does very little for those who need help The struggling states of Bihar and Mithila serve as extreme examples of India s problems Development here has been thwarted by a hereditary landed aristocracy supported by religion casteism custom social stratification tradition and patterns of behaviour that can be traced back millennia In turn all these have been masterfully manipulated by co opted politicians who have turned politics into a veritable art form as this volume comprehensively demonstrates

Reconstructing Public Housing Matthew Thompson,2020 Reconstructing Public Housing tells the story of Liverpool s cooperative revolution in municipal housing development in the 1970s how this laid the foundations for the first ever architectural or urban regeneration project to win the artworld s coveted Turner Prize and what this says about how we might renew public housing collectively **September 2019 Monthly Current Affairs with MCQs for Competitive Exams** Disha Experts,2019-09-01

*The Complacent Class* Tyler Cowen,2017-02-28 A Wall Street Journal and Washington Post Bestseller Tyler Cowen s blog Marginal Revolution is the first thing I read every morning And his brilliant new book *The Complacent Class* has been on my nightstand after I devoured it in one sitting I am at round the clock Cowen saturation right now Malcolm Gladwell Since Alexis de Tocqueville restlessness has been accepted as a signature American trait Our willingness to move take risks and adapt to change have produced a dynamic economy and a tradition of innovation from Ben Franklin to Steve Jobs The problem according to legendary blogger economist and best selling author Tyler Cowen is that Americans today have broken from this tradition we re working harder than ever to avoid change We re moving residences

less marrying people more like ourselves and choosing our music and our mates based on algorithms that wall us off from anything that might be too new or too different Match com matches us in love Spotify and Pandora match us in music Facebook matches us to just about everything else Of course this matching culture brings tremendous positives music we like partners who make us happy neighbors who want the same things We re more comfortable But according to Cowen there are significant collateral downsides attending this comfort among them heightened inequality and segregation and decreased incentives to innovate and create The Complacent Class argues that this cannot go on forever We are postponing change due to our near sightedness and extreme desire for comfort but ultimately this will make change when it comes harder The forces unleashed by the Great Stagnation will eventually lead to a major fiscal and budgetary crisis impossibly expensive rentals for our most attractive cities worsening of residential segregation and a decline in our work ethic The only way to avoid this difficult future is for Americans to force themselves out of their comfortable slumber to embrace their restless tradition again

The Risk Pivot Bruce D. Jones, David Steven, 2014-11-21 The last decade has seen a revolution in global energy First we saw explosive growth in demand from Asia s rising powers which fueled fears about scarcity and conflict But we ve also seen an American revolution in technology and markets resulting in a dramatic increase in supply This is strengthening America s hand in the world but it s not without complications There are major security consequences of these shifts Among the most consequential are China and India Asia s emerging giants which are increasingly exposed to political risks associated with energy risks as well as the energy flows pivoting to Asia Meanwhile the great powers struggle to balance their need for fossil fuels with a mounting effort to tackle climate change The top powers and the United States above all face a strategic choice whether to use energy as a weapon of geopolitics or as a tool of a stable order

CONTENTS Introduction 1 The President and the King Key Messages of the Book 2 The Energy Revolutions A Primer Geopolitics in Flux The Players 3 Choices Scenarios and the Choice the Powers Confront 4 Rough Seas Ahead The Great Powers Search for Energy Security Globalization and Complexity The Problems 5 Transition in the Gulf 6 The Turbulent Middle 7 Fragile States 8 The Russian Problem 9 Connections from Pipelines to Politics Governance The Partners 10 An Emerging System of Global Energy Governance 11 Leadership Choices

**Culture Change in India** B. K. Nagla, Kameshwar Choudhary, 2024-03-05 This book studies the different dimensions of culture change in India. It covers important strands of the ancient and modern intellectual traditions of India and the socio-cultural changes that the country underwent during the colonial post-independence modernization and globalization periods in the country. In this context, the authors examine some of the major aspects of culture change observed at the institutional level across the country. They also touch upon cultural diversity and multiculturalism in India and Europe as well as the dilemmas faced by diasporic Indians in North America. Lucid and topical, this book will be an essential read for students and scholars of sociology, sociology of culture, history, political science, cultural anthropology, Indian sociology, social anthropology, cultural studies, and South Asian studies.

**The Wiley Blackwell Companion to Religion and Materiality** Vasudha Narayanan, 2020-06-02 The Wiley Blackwell Companion to Religion and Materiality provides a thoughtfully organized, inclusive, and vibrant project of the multiple ways in which religion and materiality intersect. The contributions explore the way that religion is shaped by and has shaped the material world, embedding beliefs, doctrines, and texts into social and cultural contexts of production, circulation, and consumption. The Companion not only contains scholarly essays but has an accompanying website to demonstrate the work of performers, architects, and expressive artists ranging from musicians and dancers to religious practitioners. These examples offer specific illustrations of the interplay of religion and materiality in everyday life. The project is organized from a comparative perspective, highlighting examples and case studies from traditions originating in both East and West. To summarize the volume, it brings together the leading figures, theories, and ideas in the field in a systematic and comprehensive way. Offers an interdisciplinary approach drawing together religious studies, anthropology, archaeology, history, sociology, geography, the cognitive sciences, ecology, and media studies. Takes a comparative perspective covering all the major faith traditions.

## Embracing the Melody of Phrase: An Psychological Symphony within **June Question Paper Geography 2013**

In some sort of used by monitors and the ceaseless chatter of quick interaction, the melodic splendor and mental symphony produced by the published word often disappear into the back ground, eclipsed by the constant noise and disturbances that permeate our lives.
