Rise and Fire Shawn Fury, 2016-02-23 It's hard to believe that there was a time when the jump shot didn't exist in basketball. When the sport was invented in 1891, players would take set shots with both feet firmly planted on the ground. It took almost forty years before players began shooting jump shots of any kind, and sixty-five years before it became a common sight. When the first jump shooting pioneers left the ground, they rose not only above their defenders but also above the sport's conventions. The jump shot created a soaring offense, infectious excitement, loyal fans, and legends. This book celebrates this crucial shot while tracing the history of how it revolutionized the game, shedding light on all corners of the basketball world.

REQUIEM FOR A GAME Robert Williams, Satirical and raunchy look at football in which a former NFL linebacker looks back on his life after realizing he has a head injury caused by playing football. **Personal Foul** Tim Donaghy, 2010-06-29 The media has often speculated and sports fans have debated, but until now no one has known the real story. **Personal Foul** takes an in-depth look at former NBA referee Tim Donaghy and the betting scandal that rocked professional basketball. This is the decisive book that reveals exactly what was done and how it all happened. Which games were affected and how? Did referees target particular players or teams? Just how much did the NBA know and when? How did the mafia get involved? The book answers all of these questions and more. Thrilling and poignant, **Personal Foul** takes readers on the journey of one man wrestling his own demons and shines a light on a culture of gambling and directive officiating in the NBA that promises to change the way sports fans view the game forever. The book also includes a foreword by Phil Scala, the FBI Special Agent who worked the Gambino case. **A Fire to Win** John Lombardo, 2024-06-04 **A Fire to Win** is an honest and revealing biography of Woody Hayes, a man who ranks in the pantheon of football coaches. Woody Hayes is one of the greatest football coaches in history and one of the most fascinating. More than a brilliant coach, he was a complicated, contradictory man. The former history teacher would tout the ideals of democracy yet run his football empire as an absolute monarchy. But he had a surprisingly altruistic side hidden from the public, and Hayes visited local hospitals, donated his time, money, and advice, and insisted that his players graduate. More than just a standard biography, **A Fire to Win** explores the psychological motivations of one of the most complex of coaches. First and foremost, Woody Hayes was a coach, and his achievements are stunning. While at Ohio State, he won five national titles and thirteen Big Ten Conference championships, made eight Rose Bowl appearances, and earned two national Coach of the Year awards. His killer instincts, honed in the navy where he commanded a destroyer escort in the Pacific during World War II, helped him lead his teams to a 30-9 winning average. Moreover, Hayes's lifetime coaching record of 238-72-10 puts him in the first rank of college coaching immortals. No other coach has won more games in a shorter period. John Lombardo uses his extensive sports writing experience to craft an accurate portrait of one of the most complex and fascinating figures in football. Countless interviews of former players, assistant coaches, administrators, faculty, associates, and friends shape the image of Hayes and his career, which spanned the mid-1940s to the late 1970s, during a
