Utilization Management in the Clinical Laboratory and Other Ancillary Services Kent Lewandrowski, Patrick M. Sluss, 2016-11-29 This book is the first comprehensive text on utilization management in the clinical laboratory and other ancillary services It provides a detailed overview on how to establish a successful utilization management program focusing on such issues as leadership governance informatics and application of utilization

management tools The volume also describes ways to establish utilization management programs for multiple specialties including anatomic pathology and cytology hematology radiology clinical chemistry and genetic testing among other specialties Numerous examples of specific utilization management initiatives are also described that can be imported to other health care organizations A chapter on utilization management in Canada is also included Edited by an established national leader in utilization management Utilization Management in the Clinical Laboratory and Other Ancillary Services is a valuable resource for physicians pathologists laboratory directors hospital administrators and medical insurance professionals looking to implement a utilization management program **Neonatal Heart Disease** Robert M.

Freedom, Leland N. Benson, Jeffrey F. Smallhorn, 2012-12-06 As pediatric cardiology becomes more and more neonatal cardiology and even fetal cardiology Neonatal Heart Disease by Robert M Freedom MD Leland N Benson MD and Jeffrey F Smallhorn MB is extraordinarily timely Neonatal Heart Disease consists of 50 chapters by 25 distinguished contributors and is a worthy successor to The Neonate With Congenital Heart Disease by Richard D Rowe MD and his colleagues 1968 and 1981 The first edition of this book in 1968 established Richard D Rowe MD as the father of neonatal cardiology As most pediatric cardiologists now know Dick Rowe died on January 18 1988 after a brief illness It will therefore come as no surprise that the present volume is dedicated to this great and gentle man Nor will it come as a surprise that I have been asked to devote this Foreword to Richard D Rowe MD pioneering neonatal cardiologist and incomparable personal friend What can one say about Dick Rowe Well there are at least two very different tales There is Dick Rowe the public man the factual account of Dick Rowe's achievements as a physician educator and research man the Dick Rowe that virtually everyone knows And then there is Dick Rowe the private man the extraordinary human being who only his personal friends were privileged to know I shall try to tell something of both stories First the public man the factual account is really quite amazing
