algebra and trigonometry and precalculus Gary K. Rockswold, 2002 **Algebra 2** Margaret L. Lial, John Hornsby, Terry McGinnis, 2005-08 *Trigonometry* Marvin L. Bittinger, 2001 Trigonometry Graphs and Models 2 e covers college level trigonometry and is appropriate for a one term graphing calculator required course The approach of this text is more interactive than most algebra texts and the goal of the author team is to enhance the learning process through the use of technology and to provide as much support and help for students as possible **Elementary and Intermediate Algebra** Marvin L. Bittinger, David J. Ellenbogen, Barbara L. Johnson, 2004 *Beginning Algebra with Applications and Visualization* Gary K. Rockswold, Terry A. Krieger, 2004-10 Beginning Algebra with Applications and Visualization offers an innovative approach to the beginning algebra curriculum that allows students to gain both skills and understanding This text not only prepares students for future mathematics courses but it also demonstrates to students the relevance of mathematics Real data graphs and tables play an important role in the course giving meaning to the numbers and equations that students encounter This approach increases student interest motivation and the likelihood for success Many students think in visual concrete terms and not abstractly This text helps students learn mathematics better by moving from the concrete to the abstract It makes use of multiple representations verbal graphical numerical and symbolic applications visualization and technology Beginning and Intermediate Algebra Margaret L. Lial, E. John Hornsby, John Hornsby, Terry McGinnis, 2003-04 The Lial series has helped thousands of students succeed in developmental mathematics through its friendly writing style numerous realistic examples extensive problem sets and complete supplements package In keeping with its proven track record this revision includes a new open design more exercises and applications and additional features to help both students and instructors succeed Elementary Algebra with Early Systems of Equations Tom Carson, Ellyn Gillespie, 2005-02 Tom Carson engages students in the learning process by meeting them where they are and leading them to where they need to be through the determination of their individual learning style the development of study skills and the integration of learning strategies that help each student succeed Elementary Algebra with Early Systems of Equations is a book for the student The authors goal is to help build students confidence their understanding and appreciation of math and their basic skills by presenting an extremely user friendly text that models a framework in which students can succeed Unfortunately students who place into developmental math courses often struggle with math anxiety due to bad experiences in past math courses Developmental math students often have never developed nor applied a study system in mathematics To address these needs the authors have framed three goals for Elementary Algebra 1 reduce math anxiety 2 teach for understanding and 3 foster critical thinking and enthusiasm The authors writing style is extremely student friendly They talk to students in their own language and walk them through the concepts explaining not only how to do the math but also why it works and where it comes from rather than using the monkey see monkey do approach that some books take Elementary Algebra with Early Systems of Equations as the title implies places the topic of Systems of Equations early in the text in Chapter 5 This

organization is ideal for those instructors who prefer to teach systems of equations immediately following the chapter on graphing and the chapters prior to polynomials and factoring For those who prefer to teach the topic later Elementary Algebra by the same author team places Systems of Equations in Chapter 8 Foundations of Algebra Solving Linear Equations and Inequalities Problem Solving Graphing Linear Equations and Inequalities Systems of Equations Polynomials Factoring Rational Expressions and Equations Roots and Radicals Quadratic Equations For all readers interested in elementary algebra
