it means to live in community Society attempts to control people who have chosen to live inside it to control love by imposing rules that restrict behavior Sex is one of its priorities In the olden days homosexuality was a normal sexual behavior it was tolerated At the time of Kings incest was accepted Each period imposes sexual taboos and as a consequence nowadays we live with so many taboos we don't understand them in depth To my mind taboos are designed to manage the general interest and safeguard society I also think that they have to arise themselves from a loving sentiment

Does God Suffer? Thomas Weinandy O.F.M.,2000-02-15 The immense suffering caused by sin and evil within the modern world especially in the light of the Holocaust has had a profound impact on the contemporary understanding of God and his relationship to human suffering Since the early part of this century there has been a growing consensus among theologians that God himself within his divine nature suffers in solidarity and love with

those who suffer This present theological position contradicts the traditional Christian understanding of almost two thousand years that God is impassible and so does not experience negative emotional states such as suffering Thomas Weinandy O F M resolutely challenges this contemporary view of God and suffering Calling upon scripture and the philosophical and theological tradition of the Fathers and Aquinas Weinandy creatively and systematically addresses all of the contemporary concerns He strongly advocates the incarnational truth that the Son of God actually does experience as man all that pertains to living an authentic human life and so does indeed suffer This book is both a challenge to much received contemporary philosophical and theological wisdom and a scholarly original and refreshing account of the Christian Gospel It is one of the most comprehensive Christian presentations of God and human suffering available today **Under the Sign of Love**
