revolutions the rise and decline of church attendance contemporary debasement of religion and anything related to worship and many other follies and frailties of mankind The hymns survived because of dedicated hymnists and the meaningfulness of their words to a world that always faces turmoil and challenges to faith and family This book explores the lives of many of our favorite hymnists The reader will find almost 400 biographies of hymnists including their compelling stories The reader will rejoice in the hymnists' inspirational stories find redemption in their despair and heartbreak and experience reassurance in their faith The words of the hymnists help us cope with fear search for hope and find inspiration When a reader explores hymns more closely and overlays the themes of the hymns with the lives of the hymnists a pattern emerges There are numerous references to fear hope and inspiration just like in the Bible These themes are so pervasive that they need to be studied and in studying them consideration should be given to how they interconnect Consequently this book explores the impact that fear hope and inspiration have on our lives and how they are linked

Reconciliation is the first book in a series with a purpose of providing tangibility to spirituality and modernity to traditional religion It is written for those wishing to have a connection with a higher power but without the complexity inequality guilt and partial obsolescence of traditional religious doctrines relative to modern times Herein the reader is offered a path to understand that the energy in the Universe is the essence of God and that the Universe is God s being through which God s essence can be felt and of which all life in the Universe is created With this understanding the reader can interpret their individual and unique physical connection to God It is because of this energy and individual connection to God that we innately feel the presence of a higher power This higher power is that of a non judging and non gendered God whose offspring and true prophet is the common mother of all species of life hereon Our planet Earth While this God is the same God of whom Abraham Moses Jesus Christ Mohammed and Martin Luther King Jr were all prophets TMT advocates that the planet Earth is God s true prophet through whom we can have a personal connection with God and relegates all other traditional religious prophets to that of special prophets of the Earth but not directly of God TMT also advocates that the Earth spreads the grace of God which it receives in the form of heat and light from the sun to all life on Earth both equally and constantly Thus humankind is not the only special species in the eyes of the Earth and God In TMT readers will learn how to reconcile their emotional selves with the ultimate mother of all of us our precious planet This reconciliation can happen with a plan infused with humility and absent human arrogance or entitlement Through the lens of humility the reader can come to understand the value of diversity and the pain of gender and all other inequality that s intrinsic in traditional religious doctrines They ll also be shown that de emphasizing material wealth and re emphasizing the wealth of love and the freedom to pursue it while slowing the growth of the human population is the path to RECONCILIATION with the Earth and with God **A Breath of Hope (Under Northern Skies Book #2)** Lauraine Snelling,2018-04-03
