Horny Army Nights English Edition:

The English Cyclopaedia Charles Knight, 1868 *On the Precipice* Peter Mezhiritsky, 2012-09-13 Nominated for the 2013 PushkinHouse Waterstone s Russian Book Prize Like some astronomers who discover cosmic objects not by direct observation but by watching the deviations of known heavenly bodies from their calculated trajectories Peter Mezhiritsky makes his findings in history through thoughtful reading and the comparison of historical sources This book a unique blend of prosaic literature and shrewd historic analysis is dedicated to events in Soviet history in light of Marshal Zhukov s memoirs Exhaustive knowledge of Soviet life politics and censorship including the phraseology in which Communist statesmen were allowed to narrate their biographical events gave Peter Mezhiritsky sharp tools for the analysis of the Marshal s memoirs The reader will learn about the abundance of awkward events that strangely and fortuitously occurred in good time for Stalin s rise to power about the hidden connection between the purges the Munich appeasement and the German occupation of Czechoslovakia and about the real reason why it took so long to liquidate Paulus Sixth Army at Stalingrad The author presents a clear picture of the purges which promoted incompetent and poorly educated commanders whose most prominent feature was their personal dedication to Stalin to higher levels of command leaving the Soviet Union poorly prepared for a war against the Wehrmacht military machine The author offers alternative explanations for many prewar and wartime events He was the first in Russia to acknowledge a German component to Zhukov s military education The second part of the book is dedicated to the course of the Great Patriotic War much of which is still little known to the vast majority of Western readers While not fully justifying Zhukov s actions the author also reveals the main reason for the bloody strategy chosen by Zhukov and the General Staff in the defensive period of the War In general the author shares and argues Marshal Vasilevsky s conviction if there had been no purges the war would not have occurred The book became widely known to the Russian reading public on both sides of the Atlantic and in the last ten years its quotations have been used as an essential argument in almost all the debates about the WWII The book is equally intended for scholars and regular readers who are interested in Twentieth Century history *The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces* ,1877 *Our First Year of Army Life* Edward Ashley Walker, 1862 **Army** ,1960 **A Critical Pronouncing Dictionary.
