Gunter,Colin Mills,2017-02-27 This book is a comprehensive study into and about consultants doing consultancy and having influence in ways that generate concerns about an emerging consultocracy with privileged access to governments and public services It presents a detailed mapping of consultants and consultancy in education as a site of change and modernisation in public sector service provision It considers consultancy at a macro level of globalised policy at a meso level of national government policy and at a micro level with vivid descriptions and analyses of consultants at work The rapid rise of edubusinesses combined with the restructuring of public services in western style democracies has generated new types of knowledge actors within education policy Three main developments that have led to this change are the entry of education policy and service consultants from within major companies into the public education market place the emergence of celebrity entrepreneurial actors and private businesses who make interventions into Universities and schools and the rapid growth of small businesses based on individuals who have relocated their work from the public to the private sector Such knowledge actors and the complexities they bring to public education are as yet under described and largely un theorized Based on current research and drawing upon a range of theoretical tools this book fills the gap Gunter and Mills provide an

invaluable contribution to scholarship on the neoliberal restructuring of public education by mapping and analyzing the under examined yet central role of corporate education consultants Their thoughtful and thorough discussion expands our understanding of how consultants promote and trade in the ideologies of corporate culture Gunter and Mills show how consultants are integral to both knowledge making practices in schools and a radical reform agenda for schools in the UK and around the globe This is an accessible and important volume for not just policy and politics scholars but anyone concerned about defending public forms of education and associated living at a moment when they are increasingly being positioned for pillage by profiteers Kenneth J Saltman University of Massachusetts Dartmouth USA **Atlanta Magazine**, 2006-01 Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region Atlanta magazine s editorial mission is to engage our community through provocative writing authoritative reporting and superlative design that illuminate the people the issues the trends and the events that define our city The magazine informs challenges and entertains our readers each month while helping them make intelligent choices not only about what they do and where they go but what they think about matters of importance to the community and the region *Ebony*, 2005-09 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Oswaal One For All Olympiad Previous Years' Solved Papers Class 8 (Set of 6 Books) Maths, English, Science, Reasoning, Cyber & General Knowledge (For 2023 Exam)** Oswaal Editorial Board, 2023-06-19 Description of the Product Crisp Revision with Concept wise Revision Notes Mind Maps 100% Exam Readiness with Previous Years Questions 2011 2022 Valuable Exam Insights with 3 Levels of Questions Level1 2 Achievers Concept Clarity with 500 Concepts 50 Concepts Videos Extensive Practice with Level 1 Level 2 Practice Papers **Government Reports Announcements & Index**, 1994 **Thinking and Learning with ICT** Rupert Wegerif, Lyn Dawes, 2004-06-03 In this fascinating book the authors outline a strategy for enhancing the effectiveness of computers for teaching and learning *CTET Paper 2 : Maths & Science Study Guide Book 2024 (Class 6 to 8) | Central Teacher Eligibility Test | Theory Notes & Practice (MCQs) for Complete Preparation*, 2024-03-01 EduGorilla s CTET Paper 2 Math Science Class 6 to 8 Study Notes are the best selling notes for Defence Entrance Exams Their content is well researched and covers all topics related to Central Teacher Eligibility Test CTET The notes are designed to help students prepare thoroughly for their CTET Paper 2 Math Science Class VI to VIII preparation with topic wise notes that are comprehensive and easy to understand The notes also include solved multiple choice questions MCQs for self evaluation allowing students to gauge their progress and identify areas that require further improvement CTET Paper 2 Math Science Class VI to VIII Study notes are
