Success George Woodbury's Algebra Series empowers students for future success in college level math courses through its early and often approach to functions and graphing integrated study strategies and quality exercise sets that encourage true conceptual understanding. The early and often approach to functions helps students prepare for future math courses. A Study Skill Strategy is introduced in each chapter opener and then expanded upon throughout the chapter in the Building Your Study Strategy boxes that appear before each exercise set. Students can further develop their study skills with the Study Skills Workbook written by Alan Bass to accompany the Woodbury texts. Vocabulary Exercises begin each section of exercises and check student understanding of the basic vocabulary presented in the preceding section.
