Transcendence in Algebra, Combinatorics, Geometry and Number Theory Alin Bostan, Kilian Raschel, 2021-11-02 This proceedings volume gathers together original articles and survey works that originate from presentations given at the conference Transient Transcendence in Transylvania held in Braşov, Romania from May 13th to 17th 2019. The conference gathered international experts from various fields of mathematics and computer science with diverse interests and viewpoints on transcendence. The covered topics are related to algebraic and transcendental aspects of special functions and special numbers arising in algebra, combinatorics, geometry and number theory. Besides contributions on key topics from invited speakers, this volume also brings selected papers from attendees. *The Bookseller*, 1911. Carlson, Srikanth B. Iyengar, Julia Pevtsova, 2018-10-04. These proceedings comprise two workshops celebrating the accomplishments of David J. Benson on the occasion of his sixtieth birthday. The papers presented at the meetings were representative of the many mathematical subjects he has worked on, with an emphasis on group representations and cohomology. The first workshop was titled Groups, Representations and Cohomology and held from June 22 to June 27 2015 at Sabhal Mòr Ostaig on the Isle of Skye, Scotland. The second was a combination of a summer school and workshop on the subject of Geometric Methods in the Representation Theory of Finite Groups and took place at the Pacific Institute for the Mathematical Sciences at the University of British Columbia in Vancouver from July 27 to August 5 2016. The contents of the volume include a composite of both summer school material and workshop derived survey articles on geometric and topological aspects of the representation theory of finite groups. The mission of the annually sponsored Summer Schools is to train and draw new students and help Ph.D. students transition to independent research. *The School World*, 1906. *The Journal of Microscopy and Natural Science*, 1886.

Thinking Off Your Feet Michael Strevens, 2019-01-07.
