

# AFTER ACTION REPORT

## INTRODUCTION

### PREFACE

This workshop was conducted through the Integrated Civilian-Military Domestic Disaster Medical Response (ICMDDMR) program of the Yale New Haven Center for Emergency Preparedness and Disaster Response (YNH-CEPDR) under TCN 09238 funded by the United States Northern Command. This task requires conduct of a study to: (1) clarify the federal disaster medicine and public health education and training products currently in existence; (2) identify needs and explore strategies to fill education and training gaps and; (3) synthesize long-term expectations of competencies. The means to accomplish this study is through a series of at least six (6) workshops where federal and non-federal stakeholders would convene. This workshop served as the third in a series of six workshops. It was co-sponsored by the National Center for Disaster Medicine and Public Health (NCDMPH), the Federal Education and Training Interagency Group for Public Health and Medical Disaster Preparedness and Response (FETIG), the United States Northern Command (USNORTHCOM), and the YNH-CEPDR.

### HANDLING INSTRUCTIONS

1. The title of this document is "FY'09 TCN 09238 Workshop #3: Building a Framework for the Development of Core Capabilities and Competencies for Medical Disaster Preparedness and Response: A Continuing National Consultation Meeting After Action Report"
