

How JROTC Builds Character and Leadership?

2 pages | 312 words

In this JROTC you learn a lot, whether it's about the military, being disciplined, or being a strong leader, it's all about becoming a better citizen and learning the reason why we do what we do in this world. It teaches about the military, promoting physical fitness and even life itself. JROTC builds the teamwork and responsibility that you will need to have all your life.

Ranking up through the four years helps build leadership skills through the positions you are put in. Just like if you are a squad leader you are in charge of about 8 cadets. The higher your position the more responsibility you are given. That is why success in JROTC is given to the highest ranks. The reason I joined JROTC is so that I could build those leadership skills that can be applied to almost anything in life.

In JROTC it is said that the mission is to "Motivate young people to become better citizens," In order to do something like that we have to have the leadership to teach and educate these young people into becoming better well known citizens. The JROTC program in American High Schools has provided its cadets with life-changing skills which strengthen the attributes of character.

JROTC has helped many people become great citizens in our community, whether you are going into the military or not it is good to have leadership skills. It will also look good on a job resume to have those skills because most jobs are looking for someone that can take charge and have the discipline to follow the directives and orders that are given. It is a course that should be taken nationwide even if you are not planning on going to the military because you will learn to respect people you will have leadership skills and more importantly you will have better character.
