extended absence from the family unit by the military member unexpected and frequent family moves and changes of schools our family seemed to adapt well and for a time to thrive The catalyst for the book Seeds of Destruction was a major incident that almost took the life of our second son Greg The book should be interesting to many audiences young military families trying to cope with the almost constant overseas demands placed on them in today s military people of all ages who love travel and are willing and able to accept the challenge and Christians everywhere who are interested in Bible prophecy Seeds of Destruction is the work of a lifetime not only of the entire family who lived it but especially a work of total commitment for over 30 years by the author and the focused study of Christianity and the signs of our times Elizabeth Abbott Green s analysis of the true path to God s will for us is exemplary and I believe it should be read by all who feel that much of today s world is taking us in the opposite direction **Traveller's Guide to the Middle East** Terence Mirabelli,1984
