Lowrider Growing Guide:

A People's Guide to Los Angeles Laura Pulido, Laura R. Barraclough, Wendy Cheng, 2012-04-23 A People's Guide to Los Angeles offers an assortment of eye opening alternatives to L A's usual tourist destinations. It documents 115 little known sites in the City of Angels where struggles related to race, class, gender, and sexuality have occurred. They introduce us to people and events usually ignored by mainstream media and in the process create a fresh history of Los Angeles. Roughly dividing the city into six regions: North Los Angeles, the Eastside, and San Gabriel Valley, South Los Angeles, Long Beach, and the Harbor, the Westside, and the San Fernando Valley, this illuminating guide shows how power operates in the shaping of places and how it remains embedded in the landscape. *Low Rider*, 2005 **Cultural Studies** Michael Ryan, 2008-05-19 CULTURAL STUDIES This comprehensive anthology brings together classic and contemporary essays in the diverse field of Cultural Studies. podcast host whose work picks up where Alex Elle Bren Brown and Julia Cameron leave off Bunny knows what it is firsthand to be an outsider from trying to find their footing in an art world dictated by social media followers to coming to terms with their queer identity to dealing with the societal traumas they've inherited as a person of color in a society that privileges whiteness. It was at a real low point that Bunny first got in touch with their higher self and ever since has been helping their followers do the same through their art and inspiring Instagram presence. Building from Bunny's viral memes, *Hello Higher Self* is a self-care manifesto calling on readers to radically shift their perspectives from the Learned Hierarchical Beliefs (LHBs) we've all internalized to the self-acceptance we were born into, aka our Higher Selves. This book shines a light into eighteen areas of life where LHBs often lurk, from creativity to work to relationships to race to sexual pleasure. Bunny's mix of meditative advice, written exercises, and personal examples make for a jaw-dropping read. *Hello Higher Self* offers the dose of radical self-compassion we all need and serves as a potent reminder that we are enough. Bunny Michael offers us a powerful invitation to dismantle the harmful beliefs society imposes on us and embrace our true and lasting worth. This is a must-read. Guthrie, 2013-12-01. In 2006, Congress established the Northern Rio Grande National Heritage Area to recognize the four hundred year coexistence of Spanish and Indian peoples in New Mexico and their place in the United States. National heritage areas enable local communities to partner with the federal government to promote historic preservation, cultural conservation, and economic development. *Recognizing Heritage* explores the social, political, and historical context of this and other public efforts to interpret and preserve Native American and Hispanic heritage in northern New Mexico. The federal government's recognition of New Mexico's cultural distinctiveness contrasts sharply with its earlier efforts to wipe out Indian and Hispanic cultures. Yet even celebrations of cultural difference can reinforce colonial hierarchies. Multiculturalism and colonialism have overlapped in New Mexico since the nineteenth century when Anglo-American colonists began promoting the region's unique cultures and exotic images to tourists. Thomas H. Guthrie analyzes the relationship between heritage preservation and ongoing struggles over land, water, and identity resulting from American colonization. He uses four sites within the heritage area to illustrate the unintentional colonial effects of multiculturalism: a history and anthropology museum, an Indian art market, a tricultural

commemorative plaza and a mountain village famous for its adobe architecture Recognizing Heritage critiques the politics of recognition and suggests steps toward a more just multiculturalism that fundamentally challenges colonial inequalities
